Education in East Dunbartonshire

East Dunbartonshire Council's vision statement is reflected in the ethos of the Education Service:

"Working together to achieve the best with the people of East Dunbartonshire"

The Education Service works with staff in schools and services to ensure the best outcomes for all our children and young people.

We share the Council's commitment to:

- The Customer;
- Excellence;
- Innovation;
- Partnership and
- Our Employees.

Kirkintilloch High School Aims

Our aim is to improve outcomes for all learners and in doing so, to change lives for the better. Our curriculum scaffolds this by providing bespoke, tailored learner journeys that support and challenge all young people to sustained, positive destinations after school.

INTRODUCTION BY THE HEAD TEACHER

Welcome to Kirkintilloch High School's School Handbook. We hope that you find the information contained within this booklet helpful in providing you with the flavour of the many exciting opportunities on offer to pupils in our school. Here at Kirkintilloch High, we are committed to securing the best possible outcomes for all of our young people, within a context of high quality learning experiences that engage and motivate our pupils. Our ethos is one of high ambition and aspiration, valuing the unique potential of every young person as they journey through a challenging and fun curricular programme that leads to high academic attainment for all.

This journey through their Broad General Education begins in our cluster primary schools where highly positive relationships have been fostered to pave the way forward for a smooth transition into S1 at Kirkintilloch High. Details of our transition programme are listed below. In addition to our formal curriculum, our pupils

have many planned achievement activities, enabling them to effectively contribute to their school and wider communities. The ethos of our school actively promotes participation of all through facilitating pupil leadership activities that enable our young people to exercise their voice in our school as responsible citizens. Overall, this approach ensures that we prepare our pupils for life and work after school by equipping them to embody the four capacities of curriculum for excellence as we develop our young workforce.

Parental partnerships are highly valued within our school. We recognise the unique role of parents and carers as the primary educators of our young people and strive to work alongside parents to maximise all opportunities for success. In addition to our open door policy for parents, including Head Teacher Drop-in Sessions, there are more formal opportunities for parents to have a voice in taking the strategic direction of the school forward. This includes our active Parent Teacher Association (PTA) and our Parent Council.

Our vision for our community is that we Dream Big, Work Hard and Show Kindness. This underpins all of our actions and is at the very core of our positive relationship policy. We report to parents on how well our young people are able to live out our motto.

We value and respect all individuals in Kirkintilloch High School, and actively seek to support each of our young people to their full potential. This is reflected in our school values of Respect, Ambition, Fairness, Supportive, Compassion and Fun, as agreed across our school community. We expect to see these values modelled in action across our school every day. This is a happy school where respect underpins our actions. We hope that you will find this reflected in the information that you see detailed within this handbook.

Yours faithfully,

Maureen Daniel

Head Teacher

Vision, Values and Aims of Kirkintilloch High School

Vision: Our vision is that all members of our school community are supported and encouraged to

'Dream Big, Work Hard and Show Kindness.'

Values: Our Community Values

GLOSSARY OF TECHNICAL TERMS USED IN THE HANDBOOK

Assessment	The judgement a teacher makes on a pupil's progress after a test.
Catchment Area	The area from which a school's pupils are drawn.
Co-Educational	Boys and girls being taught in the same school.
Common Course	An indication that all pupils of any year group are taking the same subjects, although not necessarily at the same pace.
Consortium	A group of secondary schools which with a nominated Further Education College are formed to create the programme of courses for 16+ in an area (Our consortium includes Kirkintilloch High, Lenzie Academy, St Ninian's High, Merkland School along with Cumbernauld College).
Co-operative Teaching	Two or more teachers working together with a class or group.
Curriculum	The Formal Curriculum is the planned programme of courses timetabled for a pupil. The Informal Curriculum includes clubs and activities and the Hidden Curriculum is how we all conduct ourselves and relate to each other around the school.
Diagnostic	A type of test that helps identify strengths and weaknesses of individual pupils so that the weaknesses can then be addressed.
Mixed Ability Groups	Classes containing pupils of the whole ability range. The work of such groups is taught together as a class, individually or by group assignment.
NQ	National Qualification.
Options	Subjects or courses chosen from a range of choices when entering the Middle School and the Senior School.
Support for Learning	Provision for pupils with additional support needs.
P.S.E.	Personal and Social Education; a set of courses run mainly by Guidance Staff for all pupils. Aims to develop a variety of skills such as personal action planning, target setting, reviews and compiling each pupil's Progress File.
Resources	Equipment and materials used for teaching and learning, such as books, computers, the internet, booklets and worksheets and non-print materials.
S1, S2 etc	"S" is an abbreviation for "Secondary". The number indicates the year in the Secondary School; S2 for example means Second Year.
S.Q.A.	The Scottish Qualifications Authority which is responsible for examinations (National Qualifications).
Setting	Involves forming graded classes of pupils for particular subjects according to their ability in that subject.
Syllabus	The programme of work to be covered in a subject or course programme.
Tests	One means of checking what pupils have learned.

SCHOOL INFORMATION

Head Teacher – Mrs M Daniel

(i) Official Address

Kirkintilloch High School
Waterside Road
Kirkintilloch
G66 3PA
Telephone: 0141 955 2372
Email: office@kirkintilloch.e-dunbarton.sch.uk
Website: www.kirkintilloch.e-dunbarton.sch.uk

(ii) Current Roll

Kirkintilloch High School is a non denominational, co-educational secondary school with approximately 800 pupils at present.

S1	150	S2	166	S3	152
S4	155	S5	104	S6	63

(iii) Predicted intake over the next three years

2024/2025	2025/2026	2026/2027
180	180	180

(iv) Capacity

The building has a capacity for 900 pupils.

(v) Accommodation

Standing proudly on an extensive site on Waterside Road, adjacent to Oxbang Primary School, our school, completed in August 2009 as part of the local authority's PPP school replacement programme, offers well designed and spacious accommodation fit for education in the 21st century.

Staff and visitors enter on the lower ground floor, via a secure entry system, managed by the school administrative staff who are situated in an adjacent office. An extensive pupil support area, comprising guidance, support for learning, health and two contemplation rooms, occupies the remainder of the lower ground floor. Two lifts, one on each of the west and east wings provides access to all floors.

A pupil entrance, accessed either via a set of stairs or a ramp, brings pupils to the ground floor entrance from which access to social and teaching areas can be accessed and which surround a central landscaped courtyard.

To the left of the pupil entrance are the very well equipped physical education facilities, comprising a games hall, gymnasium and fitness suite with supporting changing rooms for both staff and pupils. Excellent outdoor facilities recently completed complement the internal facilities.

To the right of the pupil entrance is an open plan social and dining space which provides access to both the central courtyard and a partially covered landscaped outdoor area. Adjacent to the social space are the assembly and performance spaces which lead to the senior management team offices, the conference room and to the music and drama departments.

A central stairwell from the social space leads to the first floor where the staffroom, English, Business Education, ICT, Art and Design and Social Subjects are located on the east and north facades. The Library and Modern Languages departments are located on the west wing.

The second floor accommodates Biology, Chemistry, Physics and Home Economics departments. Each department benefits from a breakout space and very well proportioned storage facilities. In addition, each classroom has a well designed **teaching wall** with hidden storage. An interactive whiteboard in each classroom enables teachers to make good use of ICT as part of their learning and teaching approaches.

Community use of the School

A variety of organisations make use of the school in the evenings e.g. Kirkintilloch Olympians, various football clubs, dance classes, aerobics and fitness activities. Requests should be made in advance to:

Community Letting, Southbank House, Strathkelvin Place, Kirkintilloch, G66 1XQ
Tel: 0141 578 8695 Fax: 0141 943 1688 Email - letting@eastdunbarton.gov.uk

(vii) Associated Primary Schools

A co-educational, non-denominational six year comprehensive school, Kirkintilloch High School accepts boys and girls from a catchment area served by:

GARTCONNER PRIMARY SCHOOL

Gartshore Road, Kirkintilloch

Tel: 0141-955-2323

HARESTANES PRIMARY SCHOOL

Mauchline Road, Kirkintilloch

Tel: 0141-955-2320

HILLHEAD PRIMARY SCHOOL

Newdyke Road, Kirkintilloch

Tel: 0141-955-2316

OXGANG PRIMARY SCHOOL

Lammermoor Road, Kirkintilloch

Tel: 0141-955-2313

TWECHAR PRIMARY SCHOOL

Twechar, Near Kilsyth

Tel: 0141-955-2331

CRAIGHEAD PRIMARY SCHOOL

Craighead Road, Milton of Campsie

Tel: 0141 955 2271

School/Community Links

We strive to extend the learning experiences of our pupils beyond the confines of the school by means of various educational visits and excursions not only within the local area but further afield as well.

We also seize every opportunity for the community to come into the school to work with us.

In addition to this, we have established very productive links with Merkland School, Gartconner Primary, Oxbang Primary, Campsie View, Hillhead Primary, Twechar Primary and Harestanes Primary. Our befriender programme with ENABLE and Merkland School is now in its third year.

We have work experience opportunities for our pupils with numerous local firms.

Our pupils are actively involved in local groups, Guides, Boys' Brigade, youth fellowships, football and athletic clubs many of which meet on school premises.

Pupils assist the local primaries in their sports days and fundraising events. Our pupil activities committee and charities sub group organise a programme of fundraising events throughout the year which benefit local and national charities.

We are proud of these local community links. Staff are continually looking to foster new and develop existing links with the community.

Pupils and teachers return	Tuesday 26 May
June 2026	
Last day of school	Thursday 25 June

Secondary School Admissions

Transfer from Associated Primary Schools

There is currently a consultation on the Admissions Policy for primary and secondary schools. The results and any changes will be published on the East Dunbartonshire Council website.

Transfer Information will be issued to parents at the end of term one, in Primary seven.

Parents of pupils who are transferring from the school's associated primaries in the normal way are invited to two meetings. The November meeting is in the form of an open night when parents and carers have an opportunity to tour departments and experience some of the learning and teaching methodologies. The June meeting provides an opportunity for parents and carers to learn about the school's expectations, transition activities and arrangements.

The arrangements for the transition of pupils between primary and secondary will involve an extensive programme of visits that currently link with English, Mathematics, Modern Languages, Physical Education, Design & Technology, Art & Design, Home Economics, Music and Science. In addition to this programme our formal two day induction visit will be enhanced by our highly successful P7 'Challenge Day' which will involve all our prospective S1 pupils working within their new class structures. For pupils with additional support needs the transition programme can sometimes begin earlier than P7.

Visits to secondary schools are organised before the summer holidays and children from other catchment schools who will be attending the same secondary school will have the opportunity to meet and get to know each other and their teachers. While the children are participating in classroom activities and meeting their class teacher, parents will have an opportunity to view the school and are given a brief explanation of school life.

If you wish your child to attend a secondary school other than the catchment denominational or non-denominational secondary school(s) for your home address, you will be required to make a Placing Request as detailed in the Placing Request section below.

You do not need to submit a Placing Request if you want your child to transfer from a non-denominational secondary school or vice-versa at the primary to secondary transfer stage, as long as the intended secondary school is still the catchment school for your home address. Parents of children who are planning to change from denominational to non-denominational or vice-versa between primary and secondary school should ensure that both the primary school and the intended secondary school know what is to happen.

Placing Requests

As a parent, you have the right to make a Placing Request for your child(ren) to be educated in a school other than the catchment school. Applications for Primary and Secondary Placing Requests to commence school in August will be considered following the application process detailed on the Placing Request section of the East Dunbartonshire Council website.

Every effort will be made to try to meet parental wishes, but you should note that it is not always possible to grant every Placing Request to a particular school. You should also note that a successful Placing Request for one child does not guarantee a successful one for another child. It may be, therefore, that a parent could end up with children at different schools.

Placing Requests can only be approved when there are sufficient places remaining in the class after all catchment area children have enrolled and if staffing and accommodation at the school are able to meet the numbers of Placing Requests at that school. The Education Service can also reserve places in a class for future catchment pupils they expect to move into the area in the following school year.

If more Placing Requests are made for admission to a particular school than places available, these Requests will be prioritised according to East Dunbartonshire Council's Admissions Policy and requests will be accepted and refused accordingly.

Your Placing Request will be considered against a set of criteria which is set out in the Council's priorities for admission. Further information is available on the East Dunbartonshire Council website.

Any Placing Requests received after the 15th March for Primary and Secondary will not be considered in the first round of Placing Requests. Parents / Carers will be notified of the outcome of their request within 2 months of receipt your Placing Request.

As soon as a decision has been made, you will be notified of the result. If your Placing Request is successful, you will be asked to contact the school to establish arrangements for enrolment.

Parents should note that in cases where your child is currently in attendance at a primary school as a result of a successful placing request, there will be the need for a further request to be made to transfer to the secondary school associated with the primary school. Parents should, however, be aware there is no guarantee that any such request will be successful and therefore contact should be made with your local secondary school to inform them of your intention to request a place in a school of your choice. Parents are requested to contact the education office to clarify this position if they are unsure.

Mid-Session Transfers

You may make a Placing Request at any time during a school session. If your child is experiencing problems at school, you are advised to discuss the matter with the Head Teacher prior to making a Placing Request. Completing the application form does not guarantee a place for your child at your chosen school. Your Placing Request will only be granted if there are surplus places available at the school.

Transport for Placing Requests

If a Placing Request is successful, parents will be responsible for the safety and transportation costs of their child to and from their chosen school.

Guidance Structure

In secondary school pupils are taught by a large number of different teachers. In order to ensure that each pupil knows and is known well by at least one member of staff, a team of Guidance Staff is given the responsibility for the emotional, vocational, curricular and pastoral welfare of our pupils.

In Kirkintilloch High School the Guidance Staff put a lot of effort into caring for the pupils, especially at the important transition stages P7-S1, S1-S2, S2-S3, S3-S4, S4-S5 and S5-S6 and when a young person is preparing to leave school.

Over the years, Guidance Staff build up a detailed knowledge of the skills, abilities and personality of each pupil in their care. With the help of all the staff, they carefully monitor the social, personal and academic development of each pupil and are the main link between the school and home. Guidance Staff work in partnership with parents and a range of external agencies to support the development of the child. Guidance Staff may write to or telephone parents if they feel there is a problem with behaviour, attendance or progress. They may at times, request an interview to discuss a particular concern.

The Guidance structure is organised on a House system as follows:

Holmfield House	Peel House	Solsgirth House	Waverley House	Napier House
Guidance:	Guidance:	Guidance:	Guidance:	Guidance:
Mrs K O'Connell	Mrs B Dunlop 0.8 FTE Mr T Joice 0.2 FTE	Mrs D Galasso	Ms R Hay Mr Doherty	Mrs R Docherty

Holmfield House
Mrs K O'Connell

Peel House
Mrs B Dunlop

Peel House
Mr T Joice

Solsgirth House
Mrs D Galasso

Waverley House
Ms R Hay

Waverley House
Mr Doherty

Napier House
Mrs R Docherty

Every effort is made to ensure that there is continuity within this vertical structure. Pupils remain in the same House and under the pastoral care of the same Guidance Teacher for their whole school career. Members of the same family will be in the same House.

Guidance Staff have established links with outside agencies on which they can call for specialist help and advice. Such agencies include the Careers Service, the Social Work Department, the Attendance Officer, the School Medical Service and the Educational Psychologist Service.

Inter-Agency Working

Psychological Service
Social Work Department
Police Community Liaison Officers
Schools Medical and Dental Services
Support for Ethnic Minorities

Scottish Children's Reporter Administration
Children's Panel
Careers Scotland
Attendance Officer
SEBN Service

Availability of Guidance Staff

Meetings can easily be arranged between parents and Guidance Staff. However, such meetings need to be by appointment to accommodate teaching commitments. A note or telephone call to the school will start the process of setting up a meeting.

If you are concerned about any aspect of your child's social, personal or academic development do not wait until a parents' meeting to contact us.

Promoting Wellbeing, Protecting and Safeguarding

The Scottish Government introduced Getting it Right for Every Child (GIRFEC) as a programme of change, reaching across all children and adult services in the public and voluntary sectors in Scotland, to achieve better futures for all of our children, young people and their families. It builds from universal health and education services and drives the developments that will improve outcomes for all children and young people.

We want all our children and young people to be fully supported as they grow and develop into successful learners, confident individuals, effective contributors and responsible citizens. We believe they should be: Safe, Healthy, Active, Nurtured, Achieving, Respected, Responsible and Included. These are the eight indicators of wellbeing.

The Getting It Right approach is about how practitioners across all services for children and adults meet the needs of children and young people, working together where necessary to ensure they reach their full potential. This approach, based on the United Nations Convention for the Rights of the Child, is:

- Child focussed, ensuring that the child and family are at the heart of decisions and supports;
- Based on a holistic understanding of wellbeing;
- Early interventionist to tackle needs as soon as they appear; and
- Joined up, to ensure services work together.

It is the entitlement of every child to be supported throughout their education. The Wellbeing Pathway provides a continuum of support from universal to targeted and ensures practice is underpinned by a shared understanding of wellbeing and in the dignity and worth of every individual child/young person.

Teachers plan experiences and assess progress in learning, and for most children this is sufficient. From time to time, however, approximately one fifth of learners may experience developmental or environmental difficulties which impact on their ability to learn. For most, modifications can minimise the impact of such difficulties and learning can proceed. These modifications are described as differentiation and in most cases teachers will differentiate as part of normal teaching and learning, without the need for intervention from promoted staff.

Within East Dunbartonshire schools, teachers employ the following model to provide a clear, structured pathway for learners.

- Modifying Content – use of learning materials at different levels
- Modifying Process – varying the length of time children take to complete a task
- Modifying Product – giving children choice in how to express ideas or required learning
- Modifying Learning Environment – giving children areas to work which suit their learning styles

Staff record differentiated approaches in their short and long term plans and ensure that the results of differentiation are clearly documented within evaluations of teaching and learning.

Where intended progress does not take place, the child/young person's needs are considered within the next stage of the Wellbeing Pathway, Targeted Support.

When a wellbeing concern has been brought to their attention, the pupil support coordinator will consider the following questions in relation to the eight wellbeing indicators:

- What is getting in the way of this child or young person's wellbeing?
- Do I have all the information I need to help this child or young person?
- What can I do now to help this child or young person?
- What can my agency do to help this child or young person?
- What additional help, if any, may be needed from others?

All pupils who are considered for Targeted Support, access this through their Pupil Support or Support for All Group. This ensures that staff comply with duties in CYP Act 2014 and ASL Act 2004, 2009.

All assessments to determine the need for Targeted Support fully involve the views of the child and parents.

Personal and Social Education

In Kirkintilloch High School we are committed to make a contribution to the personal and social development of our pupils in addition to providing them with educational opportunities through their subjects. Through our Personal and Social Education (PSE) Programme, Guidance and other staff teach skills and attitudes that enable young people to grow into caring and well balanced adults who are ready and able to be effective citizens.

The PSE Programme includes:

1. classroom methods which encourage active pupil participation
2. encouragement to adopt a respectful and caring attitude to others
3. courses to help pupils e.g. drug and alcohol education, health education, mental health, career education, sex education, education for citizenship, Determined to Succeed (Enterprise in Education) health promotion and safety

Equal Opportunities for All

In East Dunbartonshire, all children and young people are entitled to participate fully in a learning community which promotes equality of opportunity and seeks to protect against all forms of discrimination.

The school believes that pupils and staff have the right to learn in a caring and safe environment. Staff will not tolerate any behaviour or attitudes which lead to staff and pupils being humiliated or harmed because of their age, disability, gender reassignment, marriage and civil partnership, [pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The General Equality Duty was created by the Equality Act (2010) and replaces the race, disability, and gender equality duties. The duty came into force in April 2011 and covers age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion, or belief, sex, and sexual orientation.

The Equality Act (2010)

The school is committed to the requirements of the Equality Act (2010) and as such we will have due regard to the need to:

- Eliminate discrimination, harassment and victimisation.
- Advance equality of opportunity between children and young people who share a characteristic and those who do not;
- Foster good relations between different groups.

The school will take cognisance of the Equality and Human Rights Commission's 'Technical guidance for schools in Scotland' in the development of its policy and practice.

[Technical guidance for schools in Scotland | EHRC \(equalityhumanrights.com\)](http://equalityhumanrights.com)

Development of Pupils' Spiritual, Moral, Cultural and Social Values

The school is committed to supporting the development of its pupils as whole people and as a result, wishes to encourage their development in spiritual, moral, social, and cultural terms.

These key human aspects of learning are supported through the following arrangements by:-

- Creating a school ethos which, in every way possible, gives value to these aspects of development, especially by providing an overall atmosphere that is both caring and challenging and which provides opportunities for the development of personal responsibility.
- Promoting social and moral learning through the way in which disciplinary issues are handled.
- Ensuring that staff and adults within the school provide positive models for pupils.
- Arranging regular gatherings of the school as a community and using such occasions to encourage and reinforce the values on which the school is based.
- Enriching the curriculum in all appropriate areas with an emphasis on spiritual, moral, social and cultural development.
- Providing opportunities within the curriculum to advance personal and social development.
- Providing a programme of religious education in which consideration will be given to responses to basic questions relating to the meaning, value and purpose of human life.
- Providing a programme of moral education.
- Taking every appropriate opportunity to acknowledge, value and appreciate the various cultures and heritage of the pupils and to encourage them to appreciate and value the cultures and heritage of others.

Child Poverty

The impact of poverty can have a significant effect on children's achievement and attainment. The Cost of the School Day is a national policy to help raise awareness of the financial barriers families with low income can face and how that can negatively impact on children and young people, especially with regards to their mental health and wellbeing.

In school, supports are in place to ensure barriers to accessing learning are removed and equitable access is in place for all, regardless of their family or carer's financial background.

If you have specific concerns, please contact the school to discuss as there are ways in which support can be provided.

For example:

School uniform recycle

Assistance with trips/outings

Festivals and fundraising events

The Promise

East Dunbartonshire Council is committed to keeping The Promise and supporting our care experienced learners. The findings of The Independent Care Review (The Promise 2020) and documents produced by The Promise Scotland, including Plan 21-24, Change Programme 1 and individual service briefings, have helped to inform the plan and can be viewed here

<https://thepromise.scot> It is crucial that, in order for The Promise to be kept, the calls to action as outlined within The Promise underpin all existing and future plans of support for children, young people and families within East Dunbartonshire.

UNCRC

East Dunbartonshire Council is committed to developing rights-based approaches in all education establishments. A rights-based approach ensures the articles of the convention underpin the ethos of the organisation and all policy and practice is developed under consideration of the United Nations Convention on the Rights of the Child (UNCRC).

Incorporation of the UNCRC Bill 2021 ensures children and young people's rights are integral to every aspect of decision making, policy and practice in our schools and early years centres. Our pupil forum My Voice My Choice has members from all schools ranging from P6 to S4 year groups. Rights Respecting School Awards are undertaken by all our schools, which encompasses the entire school community.

We aim to:

- Ensure all schools and early years centres have clear guidance on children's rights; what they are and how they will be embedded in the life of the school/centre
- Support establishments working with children and young people to develop a positive and inclusive ethos and culture
- Ensure provision of information, training, advice and support to those working with children and young people as well as their parents or carers
- Provide leadership and ensure accountability through systematic monitoring and review of data
- Support effective partnership working across agencies to further the rights and wellbeing of children and young people

COURSES AVAILABLE IN THE SCHOOL AND POLICY ON CLASS ORGANISATION

CURRICULUM FOR EXCELLENCE

Bringing **learning to life** and **life to learning**

The recently refreshed Curriculum for Excellence spans learning from 3-18 years. Its aims are to improve our children's life chances, to nurture successful learners, confident individuals, effective contributors, and responsible citizens, building on Scotland's reputation for great education.

Glow, Scotland's unique, world leading, online network supports learners and teachers and plans are already in place for parents across the country to have access to Glow. Parents should ask the school how to arrange access to Glow and a user name and password will be issued.

Teachers and practitioners will share information to plan a child's 'learning journey' from 3-18, helping their progression from nursery to primary, primary to secondary and beyond, ensuring each transition is smooth. They'll ensure children continue to work at a pace they can cope with and with challenge they can thrive on.

Curriculum for Excellence balances the importance of knowledge and skills. Every child is entitled to a broad and deep general education, whatever their level and ability. Every single teacher and practitioner will be responsible for the development of literacy and numeracy from Early Level through to Senior Phase.

It develops skills for learning, life and work, bringing real life into the classroom, making learning relevant and helping young people apply lessons to their life beyond the classroom. It links knowledge in one subject area to another helping make connections in their learning. It develops skills which can enable children to think for themselves, make sound judgements, challenge, enquire and find solutions.

There is an entitlement to personal support to help young people fulfil their potential and make the most of their opportunities with additional support wherever that's needed. There will be a new emphasis by all staff on looking after our children's health and wellbeing – to ensure that the school is a place where children feel safe and secure.

Ultimately, Curriculum for Excellence aims to improve our children's life chances, to nurture successful learners, confident individuals, effective contributors, and responsible citizens, building on Scotland's reputation for great education.

Implementation of Curriculum for Excellence and More Choices, More Chances highlighted the importance of robust transition planning in enabling young people to participate and progress beyond compulsory education. 16+ Learning Choices, therefore, was introduced in 2008 as the transition planning model for ***ensuring an offer of an appropriate place in post-16 learning for every 16-18 year old***. It aims to improve the transition for young people choosing to stay on at school; leaving school and for those moving from one post-16 option to another. Integral to Curriculum for Excellence, it supports all young people to make effective transitions.

Opportunities for All

More recently, in response to the economic downturn and the resultant adverse effects on young people's prospects in the labour market, the Government introduced Opportunities for All in its Programme for Government in September 2011. This is an explicit commitment to ***an offer of an appropriate place in learning or training*** for every 16-19 year old not currently in employment, education or training. It brings together and builds on existing Scottish Government policies and strategies and embraces relevant UK Government policy in a single priority to support young people to participate in learning or training in order to improve their employment prospects. Opportunities for All became a live offer from 1 April 2012 and will ensure that the post-16 system delivers for all young people. It focuses on supporting young people who have disengaged, seeking to re-engage them with appropriate learning or training from their 16th, until at least their 20th, birthday. Whilst Opportunities for All commits to offering a place in learning or training, those young people who wish to move into employment should be supported to do so.

Curriculum for Excellence Assessment & Reporting

What is being assessed?

Knowledge, understanding, skills, attributes and capabilities across all curriculum areas:-

- Literacy and English;
- Numeracy and Mathematics;
- Health and Wellbeing;
- Social Studies;
- Sciences;
- Technologies;
- Religious and moral education; and
- Expressive Arts

How is my child's learning assessed?

- By using a variety of approaches and a range of evidence which provides information on what children say, write, make and do to demonstrate their learning.
- By planning assessment activities, which assess children's progress.
- By working together to gather relevant information about each learner's achievements, strengths and next steps.

How will assessment information about my child be reported to me?

Effective reporting to parents and carers includes a range of activities:

- Children presenting their learning;
- Consultation meetings with parents;
- On-going oral discussions;
- Open evenings;
- Information sessions;
- Personal learning planning; and
- End of session reports.

How will I know how my child is progressing?

From Session **2010/2011** schools will report to parents and carers using Curriculum for Excellence levels S1. Learners will progress at different rates. National expectations about progression through curriculum levels are shown in the table below:

Curriculum Level	Stage
Early	The pre-school years and P1 or later for some
First	To the end of P4, but earlier or later for some
Second	To the end of P7 but earlier or later for some
Third I Fourth	S1-S3 but earlier for some. The fourth level broadly aligns to SCQF level 4.
Senior Phase	S4-S6 in school, college, workplace or community

How will progress be described?

The Curriculum for Excellence levels are broader than 5 -14 levels and it could take three years for children to achieve a level. This allows more opportunities for children to be secure in their learning.

Children's progress within a level will be described as **developing**, **consolidating** or **secure**.

Parents will receive information on their child's progress and the next steps in their development.

When will teachers assess my child's learning?

Assessment will take place throughout the school year. Parents and carers are key partners in learning, and assessment gives you opportunities to be involved in understanding, reviewing and planning next steps. You can discuss any questions or concerns about your child's learning with the school.

Where can parents and carers get further information about Curriculum for Excellence?

You can find out more about the purposes and principles of Curriculum for Excellence by visiting the Education Scotland website:

<http://www.educationscotland.gov.uk>

Further information on Learning, Teaching and Assessment can be viewed at:

<http://www.educationscotland.gov.uk>

Find out how Curriculum for Excellence is improving learning for children by clicking the following link:

<http://www.education Scotland.gov.uk/thecurriculum/>

(i) From August 2010, S1 course programmes reflected the outcomes and experiences found in the Curriculum for Excellence frameworks and include a range of interdisciplinary learning experiences. This process will continue until S1 to S3 becomes the final phase of the broad general education which all children are entitled to between the ages of 3-15.

Curriculum in the Lower School:

Curriculum for Excellence demands that the learner be more involved with assessing their own learning and progress through self-evaluation and reflection. Teachers utilise a wide variety of methods to assess pupils' progress.

Broad general education (BGE) takes pupils from pre-school through to the end of S3. Pupils engage in courses across eight curricular areas:

Expressive Arts, Health and Wellbeing, Languages, Mathematics, Religious and Moral Education, Sciences, Social Studies and Technologies.

The S3 Experience

S3 plays a pivotal role in the delivery of the Broad General Education (BGE). The BGE begins for pupils at the age of 3 and lasts until the end of S3. The third year curriculum therefore shares many of the characteristics evident in S1 and S2, these include:

- Motivating and challenging experiences that provide a depth of knowledge and a breadth of understanding across the curriculum
- Active learning tasks and lessons focused on enhancing skills
- Interdisciplinary learning opportunities that enable learners to identify connections across their curriculum

However, S3 now provides the key link between the BGE and the Senior Phase (S4-S6). To ensure this link is strong and the transition seamless, the S3 BGE has additional characteristics that include:

- Greater personalisation and choice
- Motivating and challenging experiences that match and compliment the demands of the new National Qualifications
- Opportunities for learners to continue to build a relevant and reflective profile of their learning that will inform their next steps
- A curriculum that provides our learners with the opportunity to gain a greater depth of understanding in particular areas whilst maintain contact with all subjects through our interdisciplinary learning model.

The Broad General Education for Kirkintilloch High School embraces the principles and practices of Curriculum for Excellence. We are therefore keenly aware of the vital role our S3 curriculum plays in building a strong foundation for our pupils to tackle the challenges of the National 4 and 5 assessments in S4.

The curriculum framework in S3 allows pupils to choose subjects from the following curricular areas.

This leaves pathways open as pupils enter S4 and select the 7 courses in which they will undertake national qualifications.

S3 Pick 2 courses from each curricular area

Social Studies

History
Modern Studies
Geography

Science

Biology
Chemistry
Physics

Technologies

Graphic Communications
Computing
Hospitality
Design + Manufacture
Business Management

Expressive Arts

Art and Design
Drama
Music

All pupils follow S3 courses in – English, Maths, French, PE, RMPS and PSE.

Pupils in S4 follow mandatory courses in English and Maths plus five other courses selected in consultation with parents and staff.

Pupils also undertake core classes in Physical Education, RMPS and PSE.

Class organisation depends on the numbers choosing a subject. Subjects with larger numbers broadly organise their pupils into classes with similar ability. Subjects with smaller classes will be taught in mixed ability groups.

Before pupils decide which courses to follow in the middle school, a booklet is issued to all pupils containing detailed information about each course offered. There will also be information given to pupils by their class teachers and PSE teachers. In addition, parents will be given the opportunity to visit the school to discuss their child's options.

Course Choice Forms

An example of the current course choice form is included in this handbook although it should be recognised that this is always subject to amendment.

It is our aim in Kirkintilloch High School to provide a broad general education in S1, S2 and S3. Our pupils are able to make decisions about their studies in S3 by selecting subjects from our different curricular areas. This allows them to begin the process of deciding what they would like to study in the senior phase (S4-S6).

We offer a full and challenging curriculum for all pupils taking into account their individual interests, skills, attainment and needs. Our curriculum is designed to ensure our pupils see clear progression paths in their studies and that the transition from the broad general education to the senior phase is a natural one.

Courses in S5 and S6 and Post 16 generally

In Kirkintilloch High School, pupils and parents are advised as to which subjects are most suitable, consideration is given to the results obtained in national examinations in the middle school, the pupils' preferences, the requirements for career qualifications, etc.

In all, we offer a flexible timetable which can normally be expected to meet the needs of young people within the limitations of staffing and accommodation available. Young people are expected to follow a full timetable which offers some width and breadth to their experience.

In the upper school, students are offered a suite of levels of course - Higher grades, National Progression Awards, Foundation Apprenticeships and National 5 courses. Highers will continue to form the bulk of most students' curriculum. Entry to Higher and National 5 courses will be determined by prior attainment.

To broaden the range of subjects available, Kirkintilloch High School is linked with other schools throughout the authority and external providers.

In S6, in addition to those outlined above, we offer courses leading to Advanced Higher in a wide range of subjects. These courses, encouraging specialised and individual study, vary from year to year and are provided mainly in response to demand. To study at Advanced Higher Level a pass must be obtained in S5 in the relevant Higher Grade at A. It should be realised that the same range of courses may not always be available. In the same way, classes may not run in a particular subject.

Entry into S5/S6

For those pupils who intend to return to S5 and S6 a process in some ways similar to the process for entry into the middle school is carried out. Around March/April pupils are asked to indicate the subjects they wish to study in greater depth. Choice will depend on the suitability of those subjects, in terms of necessary entry qualifications, etc. for intended career and/or entry to University or College.

Parents are invited to make an appointment to meet senior staff to discuss any issues.

In an effort to ensure that the correct decisions are taken with regard to course choice, Guidance Teachers begin a programme of Social Education beginning in S3, which involves significant contributions in curricular and vocational guidance by themselves, as well as regular contributions by the Careers Officer (Skills Development Scotland) and visiting speakers.

Arrangements for consulting with parents on options

Stage 1 December/January

Information is given to parents and young people by means of a comprehensive course choice booklet which gives details of courses, careers, contacts and finance relevant to young people who are aged 16 and over. This information is added to by parents' meetings and pupil/staff interviews.

Stage 2 February/March

A Course Planner is issued to each young person and after consultation with all those involved, (young people, staff, parents etc.) a preliminary choice is made.

Stage 3 May/June

The SQA Examinations are held and once the young people return to school in June, they immediately begin their entry into S5/S6.

Stage 4 August

Results of external examinations are not published until early August. There will be amendments to provisional course choices following the publication of the results.

Please contact the Head Teacher if you would like further information about the curriculum within our school.

Vocational Training

Vocational training is changing in East Dunbartonshire. As Curriculum for Excellence develops throughout the school our college places in the short term will be offered to S5 and S6 pupils. However, our long term aim will be to ensure that an engaging vocational programme is available to all pupils in S4, S5 and S6.

Working closely with our college partners we will look to provide strong purposeful courses that will complement our pupils' subject choices and will prove beneficial in their progression from school into higher education, further education or employment.

ENGLISH AS AN ADDITIONAL LANGUAGE SERVICE

Our school benefits from having several pupils who speak two or more languages. We seek to promote bilingualism amongst pupils and the use of their first language is encouraged as this strengthens their academic performance.

The role of the English as an Additional Language Service is to support language development of bilingual pupils, promoting full access to the curriculum. Although many bilingual pupils appear to be fluent in English, they may have difficulty in coping with the academic demands of the curriculum.

The visiting English as an Additional Language Teacher supports pupils by working on a cooperative basis with the classroom teacher.

CHILDREN AND YOUNG PEOPLE WITH ADDITIONAL SUPPORT NEEDS

East Dunbartonshire Council's policies, procedures and practices relating to children and young people with additional support needs are in line with the Education (Additional Support for Learning) (Scotland) Act 2004 which place duties on education authorities and provide rights for parents of children with additional support needs and young people with additional support needs.

What are additional support needs?

All children require support to help them learn. However there are some children and young people who need some extra support or support which is a bit different from the support provided for all children to make sure they benefit from school education.

That support may come from education services but can also be provided by a NHS Board, Social Work, Skills Development Scotland, or independent and voluntary organisations.

Children and young people in school who need extra support or a different sort of support from what is generally available have additional support needs.

These additional support needs can arise for lots of different reasons.

The reasons why a child or young person may have additional support needs are too many to list here, however the following are examples:

That the child or young person:

- finds it difficult to behave in school;
- is hearing or visually impaired;
- has a particular health need;
- is living with parents who have a drug or alcohol dependency;
- * has English as an additional language;

Some additional support needs may only last for a short period of time other additional support needs will be life long.

What should I do if I think my child has additional support needs?

If you think your child may have additional support needs you should talk to your child's school or pre school provision about this.

What will the school do?

All children and young people have their needs continuously assessed and reviewed. Your child's school will be able to show you their assessment of your child's needs and will send you copies of reports on how your child is progressing in school.

All schools and early years establishments in East Dunbartonshire look at children's needs through a process of staged intervention. This process allows teachers and others to

- identify those children who may need additional support;
- make plans to support those children identified;

- deliver the support the child requires; and
- regularly review the support provided.

What kind of additional support can be provided?

In addition to the additional support which schools themselves can provide through individual planning or making specific resources available, schools can also request support from East Dunbartonshire Council's specialist educational support services. The Council can also provide individual children with special equipment and resources if necessary. Some children may also benefit from attending the special schools and specialist resources which East Dunbartonshire manages.

What can I do to help my child?

Parents have a very important role to play in their child's education and the views of parents and young people will always be taken account of in making decisions which affect the child or the young person.

If your child requires additional support at school you can provide the school with important information about your child which will be helpful in making plans to support your child.

Parents and young people will always be invited to participate in reviews of progress.

What is a co-ordinated support plan and how do I know if my child needs one?

A small number of children and young people with additional support needs require a co-ordinated support plan (CSP).

All of these children and young people will already have a staged intervention plan provided for them in school which set out targets for their learning and timescales for achieving those targets. Parents, professionals and the child or young person can all be involved in regularly reviewing the plans. The CSP sets out the educational objectives for an individual which can only be achieved by services such as health or social work working together with education to support the child or young person ie. where the support required must be co-ordinated.

What can I do if I disagree with a decision?

If you disagree with a decision the school has made you should immediately contact the head teacher and arrange to meet to discuss the decision.

If you do not feel that your concern has been dealt with satisfactorily or taken seriously you can make a complaint.

If you disagree with a decision taken by the education authority there are a number of ways you can try and deal with this.

The different ways you can deal with disagreements are called dispute resolution procedures.

If you have a concern that your child's additional support needs are not being met you should always, in the first instance, contact the school to arrange a time to discuss that concern. Every effort will be made by the school and the education authority to resolve your concern at that point.

If you are not happy with the way the matter has been dealt with and you continue to have concerns you may be able to make use of one (or more) of the following:

- mediation
- independent adjudication
- the Additional Support Needs Tribunals for Scotland to assist in reaching a satisfactory conclusion.

The Education (Additional Support for Learning) Act 2004/2009 places duties on local authorities to provide access to independent mediation for resolving disputes with parents and carers of children and young people with additional support needs when or if they arise. East Dunbartonshire Council uses Resolve Scotland. For further information contact: 0131 313 8844 or go to www.resolve.org.uk

Supporting Families Service

The core purpose of this service is to provide support to families in developing their skills and confidence in their parenting and to provide services to children to enhance their development and learning. Examples of the services available include group parenting workshops, bespoke 1 to 1 support and advice. Services also include holiday and lay scheme for children and young people with additional support needs as well as our Snack and Play holiday programmes for children who meet certain criteria. If you wish to find out more about the services please contact the team by emailing: parenting@eastdunbarton.gov.uk. A member of the team will be in touch.

Protecting Children and Young People

In 2021, the National Child Protection Guidance was updated to adopt a strengths-based approach incorporating children's views and ensuring effective collaboration with families.

The guidance embeds the UNCRC, the Promise and principles of GIRFEC as part of the continuum of preventative and protective support.

"Abuse and neglect are forms of maltreatment. Abuse or neglect may involve inflicting harm or failing to act to prevent harm. Children may be maltreated at home; within a family or peer network; in care placements; institutions or community settings; and in the online and digital environment. Those responsible may be previously unknown or familiar, or in positions of trust. They may be family members. Children may be harmed pre-birth, for instance by domestic abuse of a mother or through parental alcohol and drug use".

(National Child Protection Guidance, 2021, p.12)

Within East Dunbartonshire, all adults have a shared responsibility to keep children and young people safe and as far as possible, protection from abuse, neglect, and exploitation. Children need support to keep themselves safe. Adults and professionals must work together with families and carers to enable children and young people to grow up in a safe and secure environment.

The Child Protection officer in school will be either the head teacher or depute head teacher and there are clear processes in place to enable practitioners, or others to report any aspect of suspected abuse or maltreatment.

Education staff are required to assist in the protection of children by:

- Creating and maintaining a positive and caring ethos
- Developing health and personal safety programmes
- Being observant of children's needs, views, and concerns
- Reporting and recording concerns about the welfare or safety of children
- Monitoring and supporting children in co-operation with relevant professionals, parents and carers.

Education staff cannot keep secret any allegations or concerns about child abuse, even if a child or adult request this. Information or concerns that a child may be at risk of harm must be passed on to protect the child or young person. Staff will always treat the matter sensitively, and with dignity and information will only be passed to those who need to know to protect and support the child or young person.

If parents or others have concerns for any child, they can speak to the Head Teacher/Child Protection Officer about this. They can also contact social work services and/or the police.

When a member of staff, a child or another individual provides information and the Head Teacher considers that there is a possibility that a child has been harmed or is at risk of harm, the Head Teacher is required to immediately contact social work services to discuss the circumstances and agree the immediate action to be taken. School staff are then required to co-operate with any subsequent enquiries or support plans.

Every education establishment or service has copies of the East Dunbartonshire Council Child Protection Procedures and Guidance. These are available for reference from the Head Teacher.

Additional Support Needs

As with all local authority schools in Scotland, this school operates under the terms of the Additional Support for Learning Act (2009) and its accompanying Code of Practice. Further details of the policies and procedures can be found on the East Dunbartonshire Council website, and the school's Additional Support for Learning Co-ordinator will be able to outline the support that can be offered in school.

Working with other agencies and professionals – for example, Social Work Services, Educational Psychology Service, National Health Service and parents – decisions are made with regards to the best possible education to meet the needs of the child within the resources available.

Parents, carers and children with additional support needs can also seek independent advice and support through:

Enquire: www.enquire.org.uk, 0845 123 2303

Scottish Independent Advocacy Alliance, www.siaa.org.uk, 0131 260 5380

Take Note: National Advocacy Service for Additional Support Needs (Barnados in association with the Scottish Child Law Centre) www.sclc.org.uk, 0131 667 6633.

Specialist Support Service – teachers teaching in more than one school

The Additional Support for Learning Team makes provision for children and young people who have a range of additional support needs. The service comprises of teachers who work in the pre 5, special, primary and secondary sectors. Staff in the team work in partnership with staff in the establishments to plan and deliver an appropriate curriculum. The service also provides staff development and advice on resources.

The teams support the additional needs of:-

- Children with a significant hearing and/or visual impairment;
- Bilingual learners who are at early stages of learning spoken English;
- Looked after and accommodated children and young people who are experiencing difficulties in school;
- Children at early stages of primary school who have a developmental coordination disorder along with attention difficulties;
- Young people who attend special provision units; and
- Pre 5 children who have been identified as having significant support needs
- Children who have language and communication difficulties
- Children who have social, emotional or behaviour needs

Autism Adviser

Every establishment has an Autism Adviser who is an established member of the school teaching team and who has been provided with training and ongoing support from a multi-agency team - led by an educational psychologist and a quality improvement officer. Every Autism Adviser is guided by a process of collaborative practitioner enquiry, which allows the school to develop the role of their Autism Adviser in response to the needs of their school context. Every Autism Adviser will be able to signpost colleagues to resources and sources of supports. While every establishment will use their Autism Adviser differently, the role of the Autism Adviser may include facilitating staff training within their school, supporting communication to parents/carers; planning for establishments' Autism Awareness Week; running a parents/carers' support group and supporting individual staff members using existing school structures (e.g. Pupil Support Group).

Sensitive aspects of Learning

The school will advise parents regarding any sensitive aspects of learning via one of the following methods:

- Parental letter
- Parental leaflet
- Parental Information Evening

The method of communication used will be dependent upon overall sensitivity of learning, for example, Sexual Health would involve all 3 of the above while Drug Awareness may involve advice leaflet on the learning to be undertaken and who the provider may be, for example, a presentation from Alcoholics Anonymous or Strathclyde Police.

Psychological Service

We have a link Educational Psychologist from the Council's Psychological Service who supports us in delivering East Dunbartonshire's policy for identifying, assessing and supporting all pupils, particularly those with additional support needs.

The Psychological Service operates at three levels within the Council, namely that of the individual young person/family, the level of the whole school and that of the Authority.

Our link Educational Psychologist works collaboratively with school staff at all stages of intervention with regard to individual pupils, groups of pupils or relevant topics related to the school improvement plan.

Assessment

Assessment is an essential part of learning and is provided for each pupil as a supportive, positive means of improvement. In addition, it is a way of checking whether our teaching is effective.

There are a variety of other purposes that testing contributes to, which include:

- providing information about progress
- highlighting achievements
- motivating pupils
- showing strengths and development needs and pathways
- helping to choose future courses
- meeting the requirements of certificates
- checking if methods and materials are appropriate

Different types of testing are used at different times but, in general, there is much more emphasis on assessing class work and coursework rather than just an end of term examination. This means that oral and written work, practical skills, listening, making a contribution, working individually or in a group are all aspects likely to be tested.

Consequently, class tests or year group tests will be organised at regular intervals while more formal examinations begin in third year. Preliminary examinations, modelled on the national ones, are held for senior school in January.

The results of such tests or examinations are affected by personal attitudes, which are also monitored. Being hard-working, conscientious, punctual and attending regularly are vitally important for success. By the same token, showing initiative, self-discipline and politeness can make a considerable difference to performance.

Pupils in S1 and S2 will continue to be formally tested in Reading, Writing and Mathematics in line with local authority guidelines.

REPORTS TO PARENTS

Reports are produced twice annually to indicate the strengths and next steps of each pupil across the range of subjects. They also provide a picture of the attainments and achievements of the pupil.

All courses operating in school are reported upon at the appropriate time.

Liaising with and Involving Parents in their Child's Education.

The Education Service is keen to ensure that it involves all parents appropriately and sensitively in their child's education. Under Education Law, "parents" include:

- Non-resident parents who are liable to maintain or have parental responsibilities in respect of a child;
- Carers who can be parents;
- Foster carers, relatives and friends who are caring for children under supervision arrangements;
- Close relatives, such as siblings or grandparents caring for children who are not "looked after and accommodated" by the local authority or are under home supervision (looked after) arrangements.

Everyone who is a "parent" (under Education Law) has the right to receive advice and information about their child's education and take part in activities.

The Education Service will treat all parents equally. The exception to this is where there is a court order limiting an individual's exercise of parental rights and responsibilities.

Schools collect information about a child's family circumstances on an annual basis. Where family circumstances change during a school session, it is important that parents inform their child's school of these changes.

Further information about how the Education Service seeks to work with parents is available in the publication Schools, "Parents" and "Parental Responsibility": A briefing paper for schools and education support services under the management of East Dunbartonshire Council (2007).

This publication is available from schools or the Chief Education Officer who can be contacted at:

House Captains

Captains and Vice Captains

Holmfield House Captains

Napier House Captains

Peel House Captains

Solsgirth House Captains

Waverley House Captains

In the Second year report, recommendations for future choice of courses are given as a guide to parents and pupils.

Each year group receives one interim report and one full report per session as follows:

	Interim	Full Reports
S1	October	May
S2	December	February
S3	November	March
S4	February	December
S5/6	February	October

Copies of the pupils' reports are kept centrally in a confidential file by Guidance Staff. Parents may ask to see the file, as can pupils over the age of sixteen.

In S1-3 reports may indicate the level reached (CfE level 1-4). Teachers may also inform you if your child is Developing, Consolidating or Secure within each level. In S4-6 reports will indicate how your child is progressing in acquiring formal national qualifications.

Parents' Consultative Meetings

These meetings are arranged so that parents may discuss their child's progress with class teachers and should be seen as integral to the levels of communication required to monitor your child's progress.

Meetings for parents of S2 pupils and S4/5/6 pupils are held in the middle of the session. The S1 parents evening is held in early October and is deliberately timed so that parents may find out how well their child is settling into the new school and new courses. The S3 parents' meeting in February provides an opportunity to discuss progress in advance of exams.

Before pupils are asked to make their course choices for third and fifth years, written reports on pupils' progress in second year are provided and an information evening and a consultative evening are held for parents of second year pupils.

Additional Arrangements

Parents are encouraged to contact Principal Teachers of Subject and Guidance, and the Senior Management Team at any time during the session in order to discuss their child's progress. Any members of staff mentioned above may contact parents if there is any cause for concern.

Sample Report Cards

Included in the handbook are examples of the report cards issued to pupils.

IMPROVEMENT PLAN

East Dunbartonshire: Education Service
Framework for School Improvement Planning 2024/25

Section 1: School Information and 3 Year Improvement Plan Priorities		
School/Establishment	Kirkintilloch High School	
Head Teacher	Maureen Daniel	
Link QIO	Kevin Kelly QIM/Mary Kerr QIO	

School Statement: Vision, Values & Aims and Curriculum Rationale http://www.kirkintilloch.e-dunbarton.sch.uk/school-info/vision-values-and-aims/ http://www.kirkintilloch.e-dunbarton.sch.uk/learning/curriculum/ Based on our agreed school values detailed above, our vision is that all members of the school community dream big, work hard and show kindness. Our aim is to improve outcomes for all learners and in doing so, to change lives for the better. Our curriculum scaffolds this by providing bespoke, tailored learner journeys that support and challenge all young people to sustained, positive destinations after school.

Ongoing analysis of data and engagement to inform success of implementation of PRP. Reduction in referrals/on-calls and exclusion data.	Implemented throughout session with regular data checks.
		Feedback from the CIRCLE Inclusive Classroom Scale (CICS) to inform next steps.	Staff trained by August. Evaluated throughout session.

Section 3: Interventions for Equity: Pupil Equity Funding (PEF) not included in priorities 1-2					
Outcomes/Expected Impact	Tasks/Interventions	Resources	Measures	Timescale(s)	Progress
Outcomes for learners; targets; % change	Health & Wellbeing, Literacy and Numeracy interventions for identified groups	Identify PEF allocation, staffing and resources that will be procured to support	Identify qualitative, quantitative, evaluative pre and post measures	What are the key dates for implementation? When will outcomes be measured?	Identify progress and impact in narrowing the PRAG
Continued engagement with our in-house school counsellor, complementing our Life-link Counsellors, due to demand for appointments.	School Counsellor to support young people with health and wellbeing interventions.	£10,000 to cover payment to counsellor.	Impact of counselling carefully tracked for impact on young people using wellbeing indicators.	Continuation of post.	Very good progress made again this session.
Continuation of our UNCRC journey, aiming for Silver accreditation.	Continue to place the UNCRC charter at the centre of our practice.	As required to deliver on this legislation.	Achievement of Silver/Gold status.	Ongoing to end of session.	Very good progress made again this session.
Continuation of our LGBTQ+ Charter journey, having now achieved GOLD Charter Status.	Continue to place LGBTQ+ rights at the centre of our practice.	£1,500 to secure Gold Charter status.	Continued progress as a GOLD charter school.	Ongoing to end of session.	Excellent progress made, that led to GOLD status.
Continuation of our SCQF Partnership Journey, aiming for Gold accreditation, having gained Silver status.	Continue to secure high quality experiences that gain pupil SCQF tariff points	Time to support staff to develop experiences.	Aiming towards achievement of GOLD Status.	Ongoing to end of session.	Excellent progress made, that led to Silver status.
Continue to 'Keep the Promise' with our focused support for Care Experienced Young People including our Care Experienced Teacher, Support Groups, Youth Worker and MCR Pathways Programme. In addition, this session we are launching the GetSetGo Programme to targeted girls' groups.	Continue to keep our care experienced young people our most precious priority in supporting them to blossom and thrive, both socially, emotionally and academically.	Timetabled provision for the GetSetGo launch in addition to existing priorities that support us to keep the Promise.	Scrutiny of data on care experienced young people and their learner journeys.	Ongoing to end of session.	Very good progress with a continued key focus on this essential priority.

Kirkintilloch High School

Homework Strategy

Homework at KHS

Purpose of Homework

Teachers will set homework for a variety of reasons:

- For pupils to take responsibility for their learning.
 - To consolidate class learning.
 - To embed existing skills.
 - To develop new skills.
 - To prepare for tests and exams

Departments may choose to give homework in different ways. This could be on Satchel One, Teams or on paper. You should use your Homework Diaries to record and plan any work set.

Tasks?

Homework may take a variety of forms:

- Quizzes.
- Written tasks.
- Guided/personal reading.
- Past paper questions.
- Extensive projects.

How Often?

Departments will be consistent in the homework they give to each year group. Pupils in S1-3 can expect approximately one significant piece of homework per term per subject.

Pupils in S4-6 can expect regular homework across the school to ensure appropriate preparation for their exams.

Need help?

No homework should be given with a day turn around, in order for you to ask questions if you need to.

Homework Club will take place to support the completion of homework.

If you do not hand in homework, you will be given support if needed. A text may go home to make sure everything is okay!

Rationale

Homework refers to tasks given to pupils by their teachers to be completed outside of usual lessons. It helps pupils to undertake independent learning and responsibility for their own success; practice and consolidate skills; conduct in-depth inquiry; prepare for tests and exams; raise attainment and involve parents and carers.

At Kirkintilloch High School, it is our belief that homework forms an important part of the learning process and operates within the school vision of encouraging our learners to dream big, work hard and show kindness, supported also by our registration teachers and homework club arrangements. It is the focus of everyone in Kirkintilloch High School to raise attainment of every learner and an effective homework strategy and study habits have been proven to enhance skills and increase exam performance. This policy states the expectations for all: pupils, staff and parents/carers and has been created through consultation with pupils, parents/carers and staff.

It is important to state that whilst homework is not obligatory and cannot be enforced, it is viewed by all staff in school, and many parents, as a way of supporting pupils to achieve their full potential and to have a positive impact on progress and attainment. Homework, of course, should be proportionate and not a burden to pupils and families, and, where appropriate, differentiated and issued to complement the work done in the classroom at all stages.

Strategy

There is no expected minimum amount of homework across any year group. S4 - S6 pupils can expect to undertake increased levels of homework in preparation of formal assessments and exams. Departments should communicate their own homework strategy to pupils.

According to the Education Endowment Foundation, the quality of the task set is more important than the quantity of work required from the pupil. There is evidence that the impact of homework diminishes as the amount of time pupils spend on it increases.

Staff will only set homework where there is a clear need and purpose and where it is likely to enhance or support learning or skills development. Homework must be equitable and accessible for all learners. Homework will be a key focus during Registration on a regular basis.

Pupils should be responsible for planning ahead and keeping to deadlines – seeking help from various sources, including people at home or with staff if there is a problem and, for more senior pupils, ensuring that any employment or work commitments do not hamper progress with important home study. Where this becomes a genuine issue, students should make their House Team aware so that support can be identified.

Some students may not have a quiet space at home to work in. In addition, they may not have access to a device suitable for learning and a stable internet connection. Our homework club can help to overcome these barriers by offering pupils the resources and support needed to undertake homework or revision.

Any non-completion of homework should be flagged to the departmental Principal Teacher, in the first instance, who will support the young person to submit the work. If this intervention is unsuccessful, the principal teacher should make the pupil's House Team aware.

Parents/carers

The support of parents and carers to encourage a regular homework routine is welcomed. Making use of the regular tracking reports to engage in conversations about their child's learning and to contact the school if there are any concerns is encouraged.

Homework should be designed so that pupils are able to complete it independently, without the need for input from busy, working parents. However, it does afford parents/carers an opportunity to view their curricular experience and see progress at home.

Kirkintilloch High School is a Rights Respecting School

Our responsibilities surrounding learning and teaching are set out in the United Nations Convention on the Rights of the Child:

The United Nations Charter of the Rights of the Child Articles 28 & 29 recognises the right of the child to education and the right for that education to support the development of the child to the fullest.

Article 28 **"State Parties recognise the right of children to education" and "should take all appropriate measures to ensure that school discipline is administered in a manner consistent with the child's human dignity."**

Article 29 **"Education must develop every child's personality, talents and abilities to the full. It must encourage the child's respect for human rights, as well as respect for their parents, their own and other cultures, and the environment."**

Departmental strategies

The following provides some more detail and clarification surrounding homework from each department across the school.

Art and Design and Photography

Homework in Art, Design + Photography

Purpose of Homework in Art, Design + Photography

- To foster creativity and enquiry
- To develop new and existing skills
- To encourage pupils to make decisions and choices that influence their thinking and their work
- To revise and prepare for assessments

Homework will be available through our Google Classrooms and Google Sites. Which can be accessed through any digital device, including phones. Or issued on paper if needed.

BGE (S1 – S3)

- There will be pupil-led tasks, year group tasks and teacher guided tasks
- The tasks will allow our students to showcase their creative skills and personal interests

SP (S4 – S6)

- There will be practical tasks to support SQA folio preparation
- There will be essential Art + Design Studies tasks to promote confidence and support Exam preparation

Need help?

If a pupil requires any specific materials or resources the department is happy to lend anything needed.

If a pupil needs access to a computer or laptop they are welcome to come to the department at lunchtime.

Sciences – Biology, Chemistry and Physics

Homework in Science - BGE

Purpose of Homework

Science Homework in the BGE is designed to:

- Spark a **curiosity** for science and learning.
- Be **fun** and **engaging**.
- Showcase pupil's **creativity** and **imagination**.
- Promote **skills** and **problem solving**.

Tasks?

Homework in Science is issued in a variety of different tasks, such as:

- Posters
- Research Tasks
- PowerPoints
- Group Projects

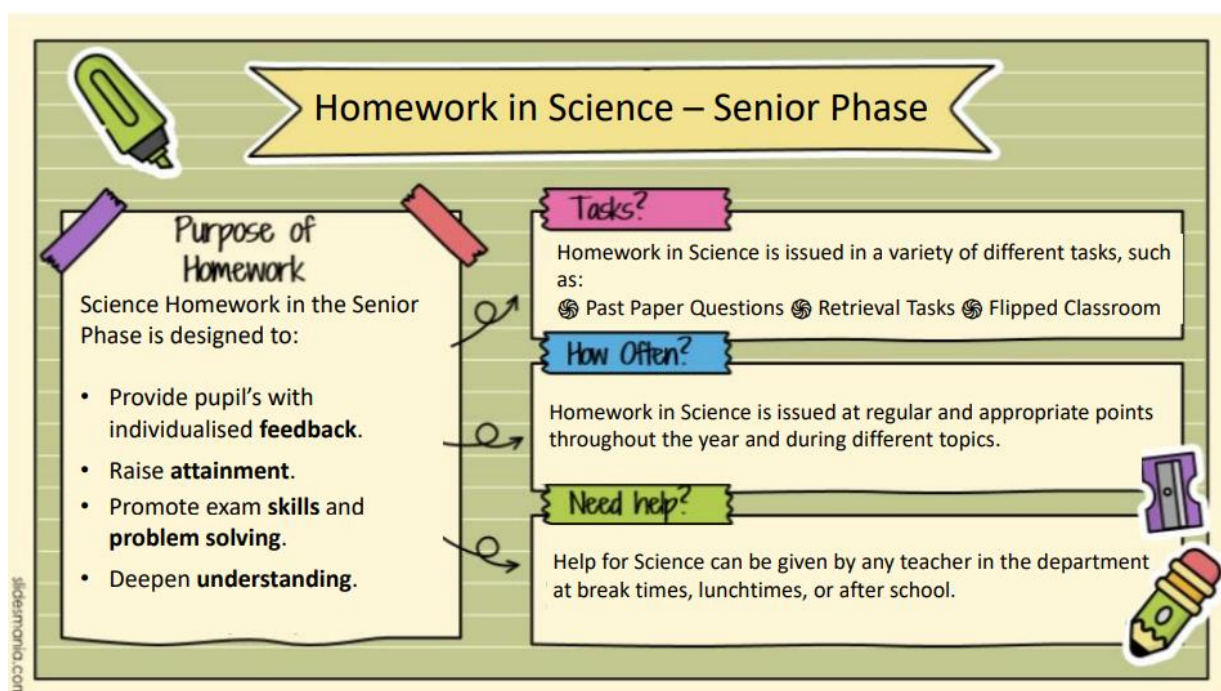

How Often?

Homework in Science is issued at appropriate points throughout the year and during different topics.

Need help?

Help for Science can be given by any teacher in the department at break times, lunchtimes, or after school.

Homework in Science – Senior Phase

Purpose of Homework

Science Homework in the Senior Phase is designed to:

- Provide pupil's with individualised **feedback**.
- Raise **attainment**.
- Promote exam **skills** and **problem solving**.
- Deepen **understanding**.

Tasks?

Homework in Science is issued in a variety of different tasks, such as:

- Past Paper Questions
- Retrieval Tasks
- Flipped Classroom

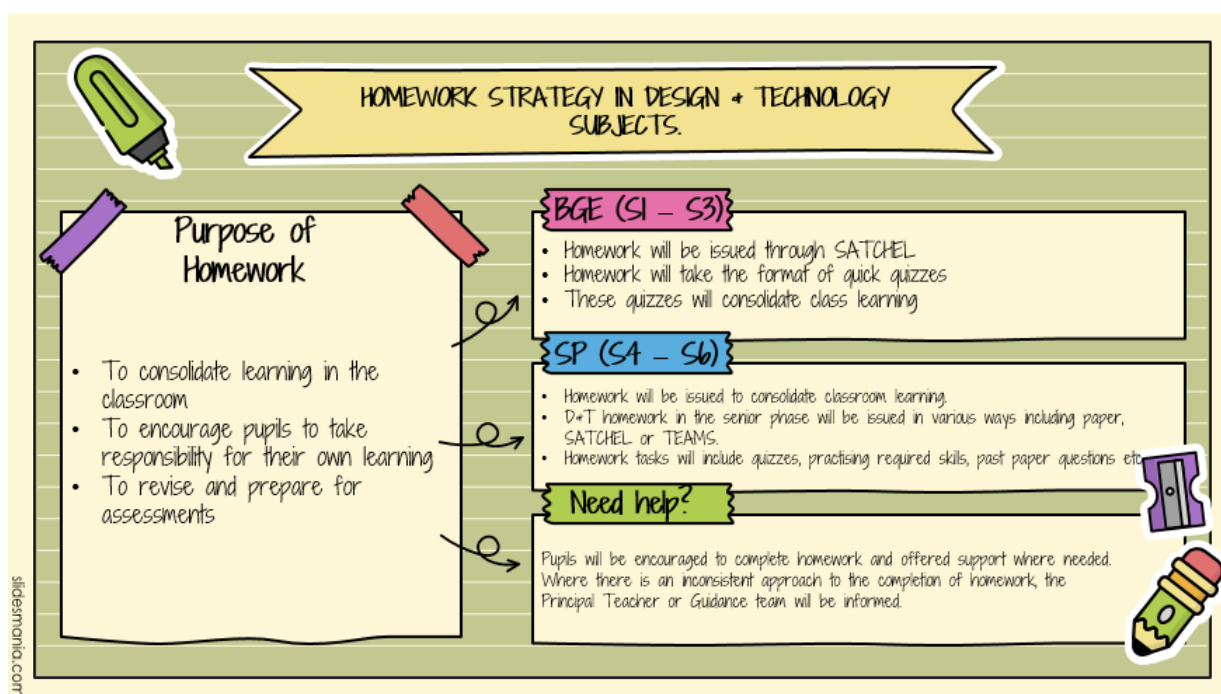

How Often?

Homework in Science is issued at regular and appropriate points throughout the year and during different topics.

Need help?

Help for Science can be given by any teacher in the department at break times, lunchtimes, or after school.

Design and Technology

HOMEWORK STRATEGY IN DESIGN + TECHNOLOGY SUBJECTS.

Purpose of Homework

- To consolidate learning in the classroom
- To encourage pupils to take responsibility for their own learning
- To revise and prepare for assessments

BGE (S1 – S3)

- Homework will be issued through SATCHEL
- Homework will take the format of quick quizzes
- These quizzes will consolidate class learning

SP (S4 – S6)

- Homework will be issued to consolidate classroom learning.
- D+T homework in the senior phase will be issued in various ways including paper, SATCHEL or TEAMS.
- Homework tasks will include quizzes, practising required skills, past paper questions etc

Need help?

Pupils will be encouraged to complete homework and offered support where needed. Where there is an inconsistent approach to the completion of homework, the Principal Teacher or Guidance team will be informed.

Drama

Drama Homework in KHS

Purpose of Homework in Drama

- To consolidate learning from the classroom.
- To research and provide context for texts and topics explored in class.
- To revise and prepare for assessments.
- To develop skills and create successful learners.

In BGE (S1-3)

One piece of homework will be issued per term.

This will be revision to prepare pupils for assessment or will be a substantive piece of work which will serve as evidence of learning for unit.

At Senior Phase

Homework will be issued regularly to encourage independent learning and prepare pupils for exams.

This will often be in the style of SQA exam questions/essays. Digital resources will be available via Teams to support learning and revision.

Need Help?

No homework will be issued with a day turn around.

Supported study will be available for pupils at Senior Phase.

If pupils have not handed in homework, PT will reach out to offer support.

English

HOMEWORK STRATEGY IN ENGLISH

Purpose of Homework in English

- To encourage creativity and imagination
- To promote pupil voice
- To promote reading for enjoyment
- To consolidate classroom learning
- To revise learning and prepare for assessments
- To develop new and existing skills
- To encourage responsible learners

BGE (S1 - S3)

One piece of homework will be issued each term. This will be referred to as an 'ECP' - English Creative Project

- Homework will be centred on creativity, imagination, personalisation and choice.
- Pupils will be given resources such as A3 paper and coloured pencils if needed.

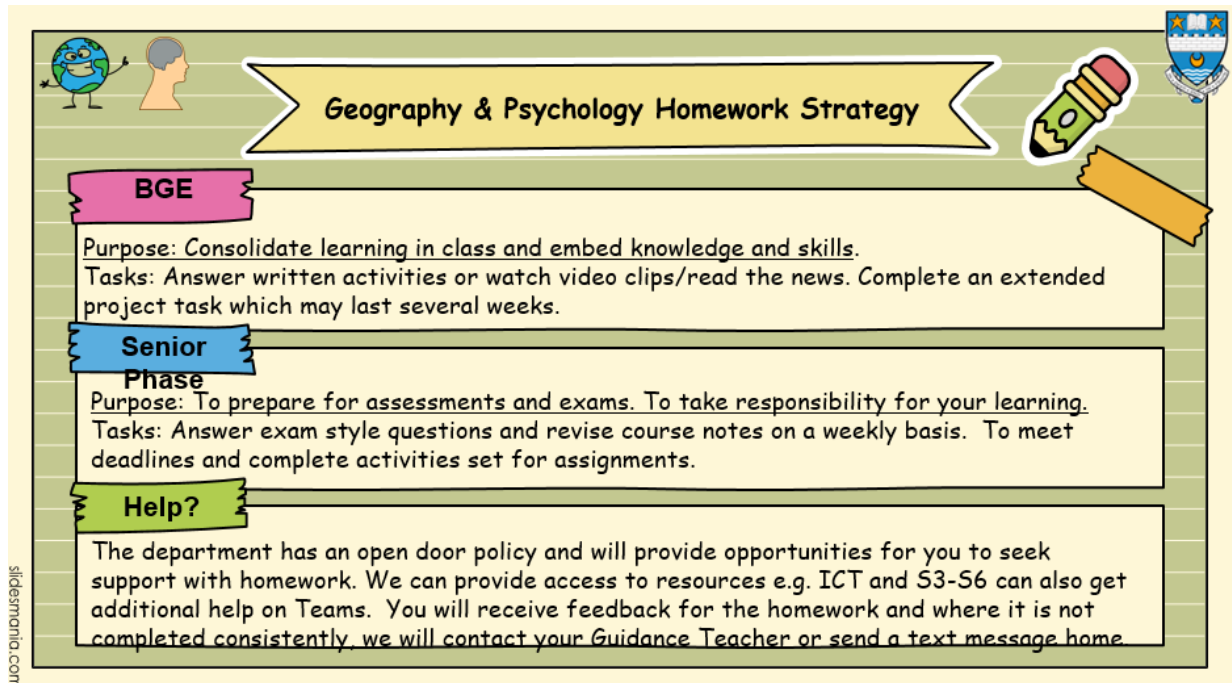

SP (S4 - S6)

- Homework will be issued regularly to consolidate classroom learning and prepare pupils for SQA exams.
- Homework tasks will vary. As part of the portfolio, pupils will be given time to redraft their persuasive essay, once feedback has been provided.
- Pupils will also be given exam style questions and asked to update class notes.

Need help?

- The English team will encourage the completion of homework in collaboration with the whole school strategy and offer support where needed. We will liaise with PTGs if and when issues arise.
- Homework will be shared both in class and on Teams.
- Homework will be discussed during formal and informal learner conversations.
- Some homework tasks will be filed in the pupils' BGE Folio and others will be displayed in classrooms to celebrate achievement.

Geography and Psychology

Geography & Psychology Homework Strategy

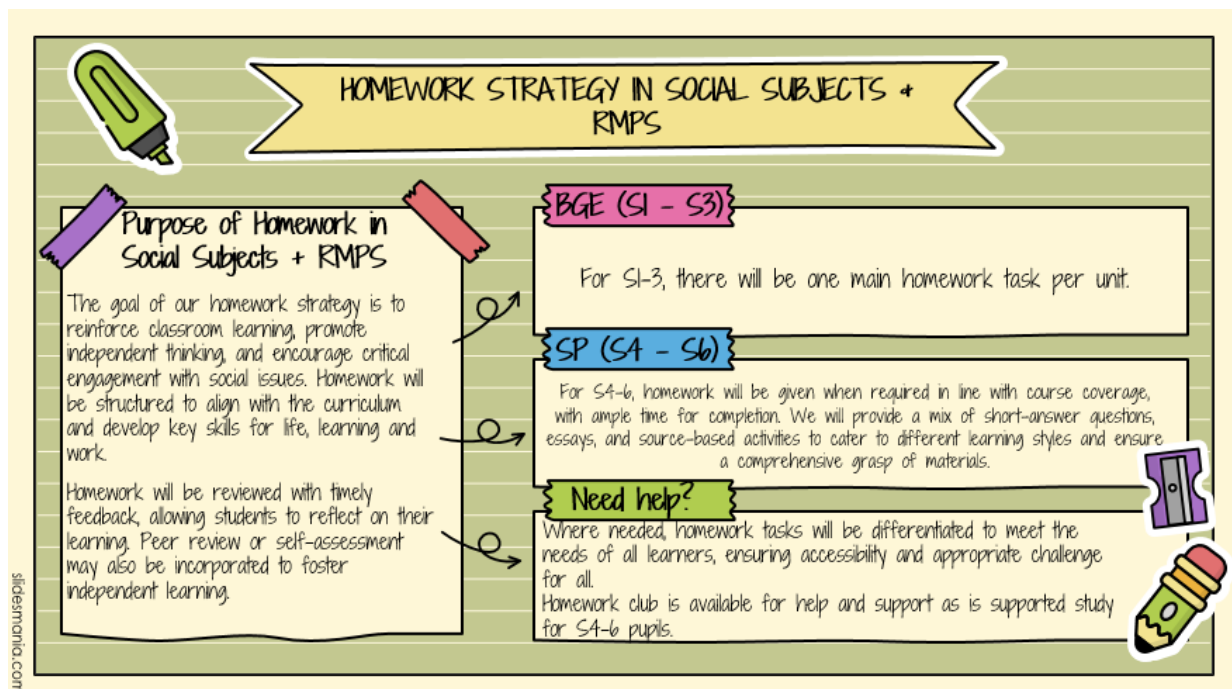

BGE
 Purpose: Consolidate learning in class and embed knowledge and skills.
 Tasks: Answer written activities or watch video clips/read the news. Complete an extended project task which may last several weeks.

Senior Phase
 Purpose: To prepare for assessments and exams. To take responsibility for your learning.
 Tasks: Answer exam style questions and revise course notes on a weekly basis. To meet deadlines and complete activities set for assignments.

Help?
 The department has an open door policy and will provide opportunities for you to seek support with homework. We can provide access to resources e.g. ICT and S3-S6 can also get additional help on Teams. You will receive feedback for the homework and where it is not completed consistently we will contact your Guidance Teacher or send a text message home.

slidesmania.com

History, Modern Studies and Religious, Moral and Philosophical Education

HOMEWORK STRATEGY IN SOCIAL SUBJECTS + RMPS

Purpose of Homework in Social Subjects + RMPS
 The goal of our homework strategy is to reinforce classroom learning, promote independent thinking, and encourage critical engagement with social issues. Homework will be structured to align with the curriculum and develop key skills for life, learning and work.
 Homework will be reviewed with timely feedback, allowing students to reflect on their learning. Peer review or self-assessment may also be incorporated to foster independent learning.

BGE (S1 - S3)
 For S1-3, there will be one main homework task per unit.

SP (S4 - S6)
 For S4-6, homework will be given when required in line with course coverage, with ample time for completion. We will provide a mix of short-answer questions, essays, and source-based activities to cater to different learning styles and ensure a comprehensive grasp of materials.

Need help?
 Where needed, homework tasks will be differentiated to meet the needs of all learners, ensuring accessibility and appropriate challenge for all.
 Homework club is available for help and support as is supported study for S4-6 pupils.

slidesmania.com

Business and Computing

Homework in Business and Computing

Purpose of Homework in Business and Computing

- To consolidate learning taking place in the classroom
- To revise and prepare for assessments
- To develop new and existing skills
- To encourage pupils to be responsible for their learning

In most cases, homework will be issued on paper and submitted to the class teacher for marking.

BGE (S1 – S3)

- One piece of homework will be issued each term.
- This will usually be a revision task in preparation for an end of unit assessment.

SP (S4 – S6)

- Homework will be issued regularly to consolidate classroom learning.
- This will be SQA style questions to practice exam technique and further develop subject knowledge in preparation for exams.

Need help?

The department will encourage the completion of homework in collaboration with the whole school strategy and offer support where needed. Where there is an inconsistent approach to the completion of homework, a text message may go home to make sure that everything is ok.

slidemania.com

Home Economics

HOMEWORK STRATEGY IN HOME ECONOMICS

Purpose of Homework in Home Economics

- To consolidate learning in the classroom
- To revise and prepare for assessments
- To develop new and existing skills
- To encourage responsible learners

In most cases, homework will be issued in paper format.

BGE (S1 – S3)

- One piece of homework will be issued each term.
- This will either be a revision task in preparation for end of unit assessments, or a pupil choice grid to consolidate classroom learning.

SP (S4 – S6)

- Homework will be issued regularly to consolidate classroom learning.
- This will be an SQA style question to address exam technique and subject knowledge in preparation for exams.

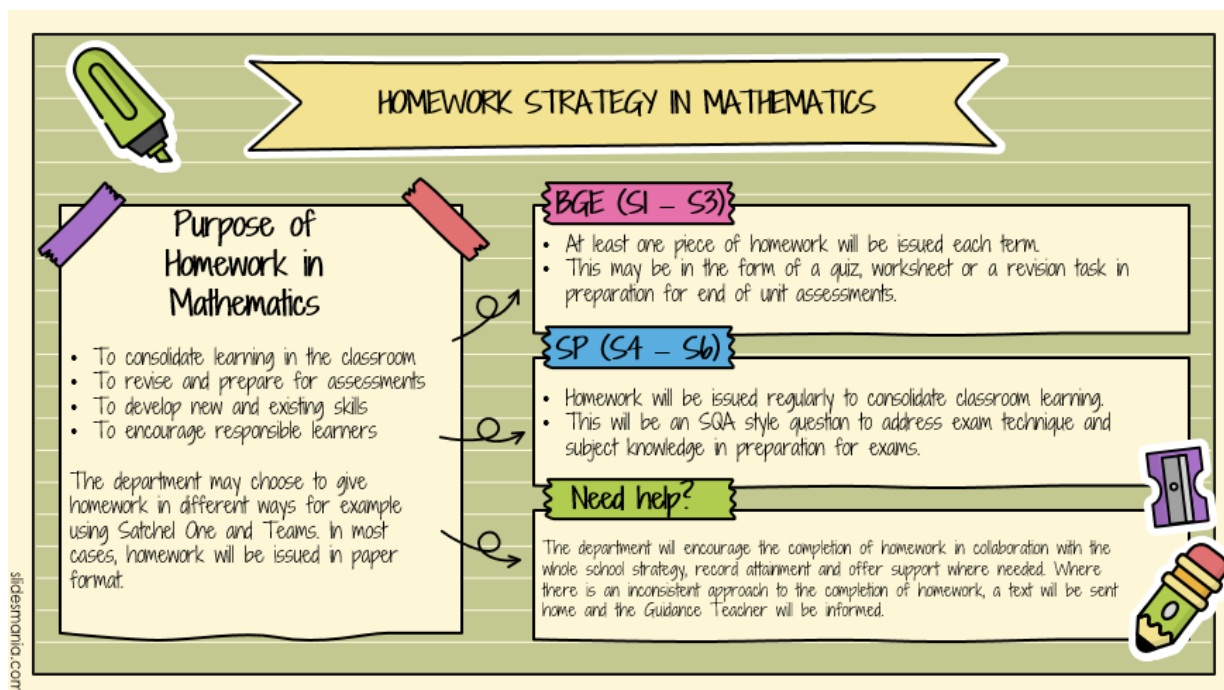

Need help?

The department will encourage the completion of homework in collaboration with the whole school strategy and offer support where needed. Where there is an inconsistent approach to the completion of homework, the Principal Teacher or Guidance team will be informed.

slidemania.com

Mathematics

HOMework STRATEGY IN MATHEMATICS

Purpose of Homework in Mathematics

- To consolidate learning in the classroom
- To revise and prepare for assessments
- To develop new and existing skills
- To encourage responsible learners

The department may choose to give homework in different ways for example using Satchel One and Teams. In most cases, homework will be issued in paper format.

BGE (S1 – S3)

- At least one piece of homework will be issued each term.
- This may be in the form of a quiz, worksheet or a revision task in preparation for end of unit assessments.

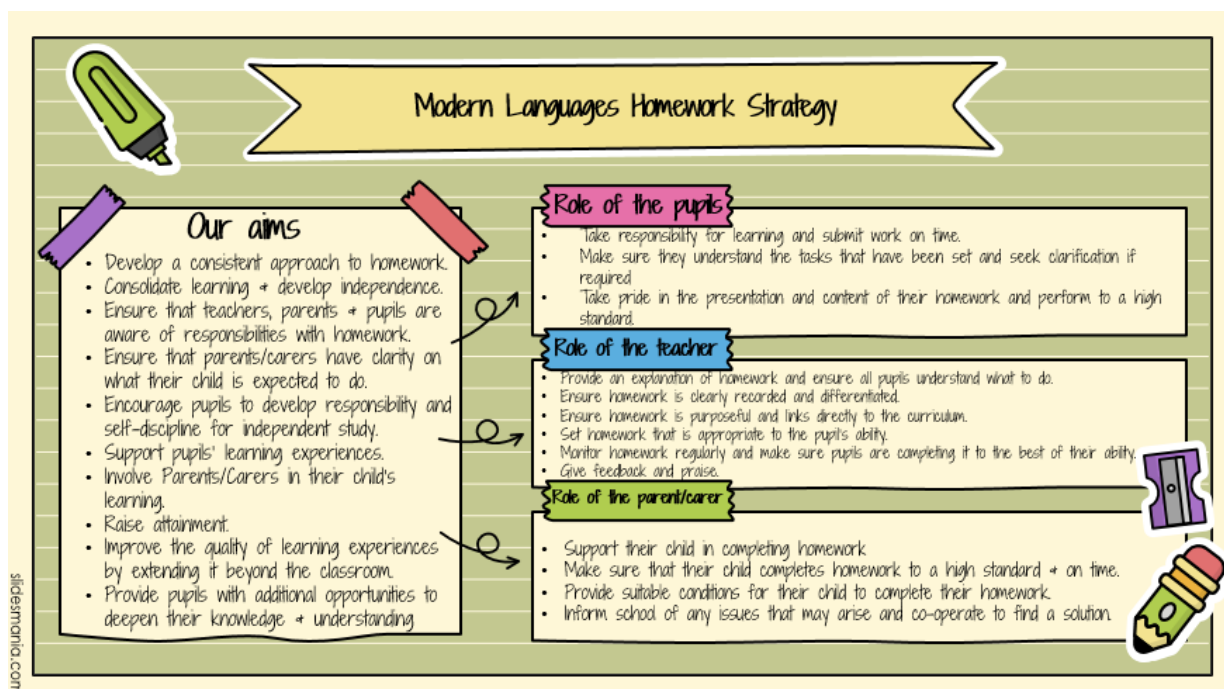

SP (S4 – S6)

- Homework will be issued regularly to consolidate classroom learning.
- This will be an SQA style question to address exam technique and subject knowledge in preparation for exams.

Need help?

The department will encourage the completion of homework in collaboration with the whole school strategy, record attainment and offer support where needed. Where there is an inconsistent approach to the completion of homework, a text will be sent home and the Guidance Teacher will be informed.

Modern Languages

Modern Languages Homework Strategy

Our aims

- Develop a consistent approach to homework.
- Consolidate learning + develop independence.
- Ensure that teachers, parents + pupils are aware of responsibilities with homework.
- Ensure that parents/carers have clarity on what their child is expected to do.
- Encourage pupils to develop responsibility and self-discipline for independent study.
- Support pupils' learning experiences.
- Involve Parents/Carers in their child's learning.
- Raise attainment.
- Improve the quality of learning experiences by extending it beyond the classroom.
- Provide pupils with additional opportunities to deepen their knowledge + understanding.

Role of the pupils

- Take responsibility for learning and submit work on time.
- Make sure they understand the tasks that have been set and seek clarification if required.
- Take pride in the presentation and content of their homework and perform to a high standard.

Role of the teacher

- Provide an explanation of homework and ensure all pupils understand what to do.
- Ensure homework is clearly recorded and differentiated.
- Ensure homework is purposeful and links directly to the curriculum.
- Set homework that is appropriate to the pupil's ability.
- Monitor homework regularly and make sure pupils are completing it to the best of their ability.
- Give feedback and praise.

Role of the parent/carer

- Support their child in completing homework.
- Make sure that their child completes homework to a high standard + on time.
- Provide suitable conditions for their child to complete their homework.
- Inform school of any issues that may arise and co-operate to find a solution.

Music

HOMework STRATEGY IN MUSIC

Purpose of Homework in Music

- To practice for instrumental lessons
- To consolidate learning in the classroom
- To revise and prepare for assessments
- To develop new and existing skills
- To encourage responsible learners

BGE: In most cases, homework will be issued in paper format.

SP: In most cases, homework support will be found on Teams.

BGE (S1 – S3)

- **S1:** A task once a month to consolidate music theory. There will be optional support sheets given at the end of units to help with revision.
- **S2:** A task once a term. This will be project based task to encourage parent engagement.
- **S3:** Weekly homework: (Music) Pupils are expected to practice their chosen study 3 times a week. (Music + Tech) Additional tasks will be given to support end of unit assessments as appropriate.

SP (S4 – S6)

- **Music Tech:** Daily homework: Pupils are expected to attend the department every week to complete work on their project outside of class time. Pupils are expected to practice their musical concepts and SQA style practice question.
- **Music:** Daily homework: Pupils are expected to practice their chosen study 5 times a week. Pupils are also expected to practice their musical concepts and SQA style practice question.

Need help?

- Our music department is open every break, lunch and after school for pupils to practice + use school instruments!
- Saltnel I has how for examples for all S1 homework!
- We offer support Mon-Thurs for Music Tech projects!
- Use our Teams page to find 'how to' videos for you pieces, backing tracks, SQA practice questions + interactive workbooks!

slidesmania.com

Physical Education

HOMework STRATEGY IN PHYSICAL EDUCATION

Purpose of Homework in PHYSICAL EDUCATION

In the majority of cases, BGE homework will be issued for completion on paper. For Senior Phases classes homework will be completed in individual jotters or a Training Diary.

Homework is issued in Physical Education to...

- ...consolidate learning
- ...revise and prepare for assessments
- ...develop new and existing skills
- ...develop activity specific knowledge
- ...encourage responsible learners

BGE (S1 – S3)

Pupils will be issued with a minimum of 'one' Homework task per term. This will either be a task to consolidate learning in practical, or a pupil choice grid to develop knowledge of a specific activity.

SP (S4 – S6)

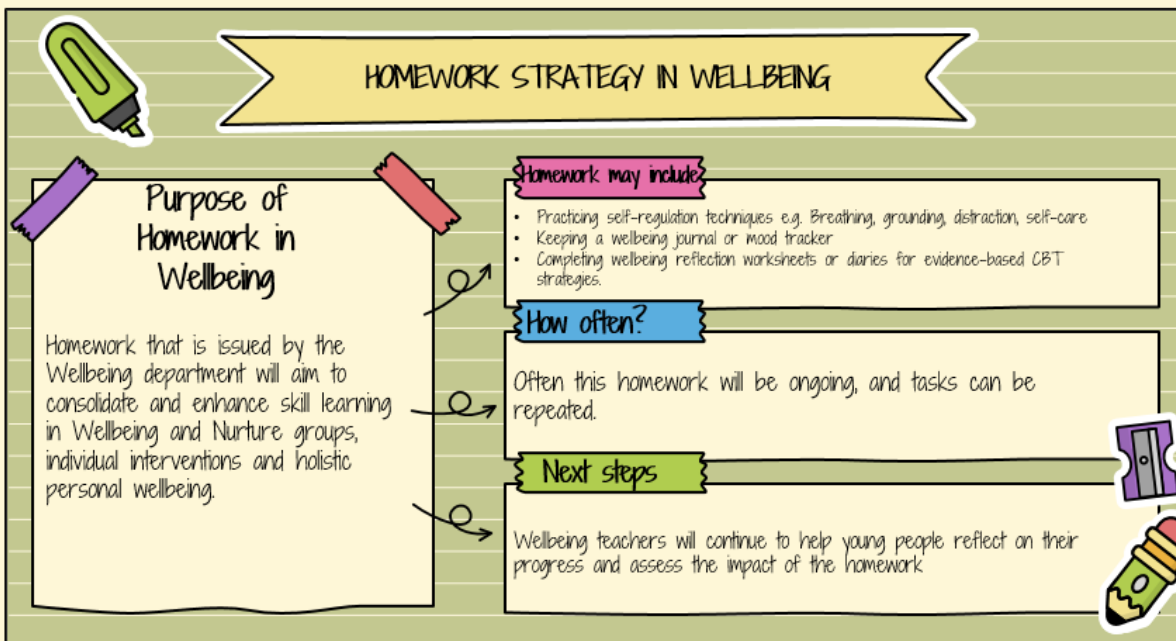

Homework will be issued regularly to consolidate classroom learning. This will include completing a Training Diary to consolidate learning from practical sessions. To support literacy skills, SQA style questions will be utilised to develop confidence in the theory element of the course.

Need help?

The Physical Education department will encourage and support the completion of homework via drop in support and supported study. Homework will be issued with ample time to allow pupils to seek support before submitting.

slidesmania.com

Wellbeing

HOMEWORK STRATEGY IN WELLBEING

Purpose of Homework in Wellbeing

Homework that is issued by the Wellbeing department will aim to consolidate and enhance skill learning in Wellbeing and Nurture groups, individual interventions and holistic personal wellbeing.

Homework may include

- Practicing self-regulation techniques e.g. Breathing, grounding, distraction, self-care
- Keeping a wellbeing journal or mood tracker
- Completing wellbeing reflection worksheets or diaries for evidence-based CBT strategies.

How often?

Often this homework will be ongoing, and tasks can be repeated.

Next steps

Wellbeing teachers will continue to help young people reflect on their progress and assess the impact of the homework.

slidesmania.com

It is important to note that in the senior school a pupil is expected to assume a student type responsibility for his own work. Private study becomes increasingly significant and it is essential that good study patterns are followed.

Supported Study

Supported Study has been adversely affected by budget cuts. However, individual departments will continue to offer young people this additional support on a voluntary basis.

S1 - S3 • An after school Support Study class where pupils can volunteer to do their homework or revision in a supportive environment.

S4 - S6 • A programme of Supported Study may run with volunteer staff from October to April to help pupils prepare for their SQA examinations

Religious Observance

Parents from minority and minority ethnic religious communities may request that their children be permitted to be absent from school in order to celebrate recognised religious events. Only written requests detailing the proposed arrangements will be considered. Appropriate requests will be granted on not more than three occasions in any one session and the pupil noted as an authorised absentee in the register.

The school will provide several opportunities for religious observance in a school year, in addition to traditional celebrations central to the life of the school community.

For further information refer to Additional Guidance on Religious Observance in East Dunbartonshire schools, October 2006.

EXTRA CURRICULAR ACTIVITIES

DEPARTMENTS

Mathematics

- EDC Enterprising Mathematical Competition

English

- Library Programmes

Expressive Arts

- Young Performer of the Year

LGBT+ Charter - Bronze

EXTRA CURRICULAR ACTIVITIES

There are many opportunities for pupils to be involved in activities outwith the timetabled school day. These may occur at lunchtime, after school or they may involve day visits or residential visits either at home or abroad.

The following is a list of the activities carried out over the last few sessions. Changes may occur, depending on the expertise and interest of staff.

(i) The following Clubs have met during the school day in the recent past:

Athletics	Eco-school	Netball	Games Club	Music Group S1/S2
Choirs	Parkour	Rugby	Homework	Samba
Fair Trade	Orchestra	Fitness	Fashion and Textile	Reading Group
Basketball	Dance	Golf	Maths Club	Gymnastics
Chess Club	Football	Woodwind and Brass	Drama	Sketchbook Club
Public Speaking Group	Manga Group	Ensemble	Badminton	

Where sufficient numbers indicate a desire to form a "Club" every effort is made to secure the voluntary service of a staff member to act as Lead, so that the Club can be formed. Where pupils are involved in out-of-school activities, a parental consent form has to be completed in advance.

(ii) Outdoor activities

During the school year, parties of pupils accompanied by teachers have visited Outdoor Centres to engage in leisure pursuits. Where a pupil shows interest in such a course, the parent is given full written details and a parental consent form is completed.

During outdoor education activities pupils are developing a variety of skills through active, engaging and often fun activities. Pupils develop both curricular skills and knowledge while developing independence, teamwork and an appreciation for the outdoors.

(iii) Curricular Visits

Where visits, either abroad or overnight in the UK are organised, parents of interested pupils are kept fully informed, in writing, about the relevant details, and a parental consent form completed. For visits abroad, parents' meetings are also held so that information can be explained and queries answered personally.

Please note

Parents are asked to recognise that teachers in charge of parties away from home have assumed considerable responsibility in accepting supervision of the well-being of all in the party. Accordingly, parental support is asked for in ensuring that the normal school rules are followed by their children, not only in school but in parties when out of school.

ACCESSING YOUR CHILD'S PUPIL RECORDS

Parents have a legal right of access to their child's core education records, regardless of the age of their child. These are the records held within your child's Personal Pupil Record (PPR). Parents do not have a general right of access to all records that mention their child. To access your child's file, please apply in writing to the Head Teacher.

The Education Service is keen to ensure that it involves all parents appropriately and sensitively in their child's education. Under Education Law, "parents" include:

- Non-resident parents who are liable to maintain or have parental responsibilities in respect of a child;
 - Carers who can be parents;
 - Foster carers, relatives and friends who are caring for children under supervision arrangements;
 - Close relatives, such as siblings or grandparents caring for children who are not "looked after and accommodated" by the local authority or are under home supervision (looked after) arrangements.
- Everyone who is a "parent" (under Education Law) has the right to receive advice and information about their child's education and take part in activities.

The Education Service will treat all parents equally. The exception to this is where there is a court order limiting an individual's exercise of parental rights and responsibilities.

Schools collect information about a child's family circumstances on an annual basis. Where family circumstances change during a school session, it is important that parents inform their child's school of these changes.

Further information about how the Education Service seeks to work with parents is available in the publication Schools, "Parents" and "Parental Responsibility": A briefing paper for schools and education support services under the management of East Dunbartonshire Council (2007).

This publication is available from schools or the Chief Education Officer who can be contacted at:

East Dunbartonshire Council
The Marina
12 Strathkelvin Place
Kirkintilloch
Glasgow

Tel: 0300 1234510

Email: greg.bremner@eastdunbarton.gov.uk

A child has a legal right of access to all records held about them. This includes records that may be held outwith of the PPR. If a child is aged 12 or over and can show suitable maturity and understanding they may exercise this right of access through a request to the Head Teacher in writing. If your child is aged 11 or younger, or is not considered to have suitable maturity or understanding, then a parent may make an application on their child's behalf for access to all records. The table below summarises who may access what records through writing to the appropriate Head Teacher.

AGE OF CHILD	CHILD'S LEGAL RIGHTS	PARENT'S LEGAL RIGHTS
Under 12	A child's parent or guardian may apply on the child's behalf for access to all records	Right of access to core education record (PPR)
12 and older	If able to show suitable maturity and understanding, the child may apply for access to all records	Right of access to core education record (PPR) No legal right to all records unless acting as child's representative because child is unable to show suitable maturity or understanding

Freedom of Information (Scotland) Act 2002

The Freedom of Information (Scotland) Act gives individuals a statutory right to the unpublished "internal" information and records held by Scottish Public Authorities such as East Dunbartonshire Council and its schools. Individuals have already used this legislation to find out about policy, procedures and how particular decisions have been reached. If you would like to use this legislation to access particular information please write to the Head Teacher, and subject to certain conditions and exemptions, you will receive a full response within twenty working days of receipt of the request.

Please note that you cannot access personal information on staff or pupils under this legislation. To access personal information about your own child, please see the section 28 on Accessing Your Child's Pupil Records.

Use of Photographs and Video Film Involving Pupils

On occasion, the school may seek permission from parents to photograph/video pupils for internal purposes within the school, for Council publicity materials and/or for press/media related activities. If a pupil's image is being used on any webpage or on a webcam, parents will be asked for express consent as this image has the capability of being viewed by any person with Internet access world wide.

Pupil photographs will be held with the school's Management Information System (SEEMIS), parents will be asked for consent.

School Campus No Smoking Policy

With the introduction of the Smoking, Health and Social Care (Scotland) Act 2005 and the Prohibition of Smoking in Certain Premises (Scotland) Regulations 2006, East Dunbartonshire Council now operates a no smoking policy across all authority's school campuses. Any person accessing the school must refrain from smoking in any of the school campus areas.

POSITIVE RELATIONSHIP POLICY

Pupil Use of Mobile Phones

There have been many concerns raised by Head Teacher, staff and parents about the extensive use of mobile phones by pupils and the associated risks of such use while in school. The Education Committee of East Dunbartonshire Council as a result of these concerns, agreed that each school should have the power to set its own policy in relation to pupil use of mobile phones in school.

Knife Crime and Weapons Guidance

The Bailey Gywnne Inquiry (October 2016) made 21 recommendations for local authorities. As a result, an explicit statement is included in our handbook regarding knife crime and weapons.

Legislation

Criminal Law (Consolidation) (Scotland) Act 1995.

Any person who, without lawful authority or reasonable excuse, has with him/her in a public place, any offensive weapon, commits an offence.

POSITIVE RELATIONSHIP POLICY

Children's Rights

Our responsibilities are set out in the United Nations Convention on the Rights of the Child.

Children have the right to be protected from being hurt and mistreated, physically or mentally. Governments should ensure that children are properly cared for and protect them from violence, abuse and neglect by their parents, or anyone else who looks after them. (Article 19)

The safety and wellbeing of all out pupils is paramount. The school will provide appropriate learning resources and opportunities to support pupils to develop an awareness of the consequences of weapon use and possession, as well as resilience and confidence building regarding the reporting of weapon possession. This will be facilitated through a variety of strategies including assemblies, Personal & Social Education classes and other mechanisms.

Expectations for Young People

No young person should bring a knife or any item which could be deemed a weapon into school. Definition of a weapon is found in Section 49A of the Criminal Law Consolidation (Scotland) Act 1995 which states that it is an offence for **any person to have an article with a blade or point (or offensive weapon)** on school premises.

Any young person holding information or knowledge about the above should share this immediately with parent, career or school staff. Parents, carers and school staff should report this immediately to the Head Teacher or a member of the Senior Management Team.

Expectations for Parents/Carers

Parents and carers have a responsibility for ensuring that their child receives appropriate guidance, which should include educating them about the dangers of weapons. As well as stressing to young people that they should never carry a weapon, Kirkintilloch High will urge parents to encourage their children to share information when they know someone else is carrying a weapon.

Anti Bullying Policy

The school's anti bullying policy and detailed procedures ensures that instances of bullying are quickly identified and dealt with so that all pupils feel safe at Kirkintilloch High School.

Kirkintilloch High School

Positive Relationship Policy

In Kirkintilloch High School we believe relationships should be characterised by respect, kindness and compassion. All adults and young people have a responsibility to help each other to develop positive attitudes and behaviour, and to prevent bullying and allow everyone to learn. Everyone has the right to feel valued and respected, and to develop self-esteem, a sense of belonging, and a feeling of being safe.

With the above in mind, our Positive Relationship Policy has been renewed with input from the whole of the Kirkintilloch High School community; pupils, staff, parents and our Educational Psychologists. Staff have taken part in training that has improved understanding of Adverse Childhood Experiences, the teenage brain and trauma-informed practice.

We have been guided in the development of this policy by the Education Scotland document, Included, Engaged and Involved, 2017, which clearly states the desire for there to be fewer exclusions from Scottish schools and explains “the need for learning establishments to place a greater importance on inclusion through effective learning and teaching; promoting positive relationships and behaviour; and employment of preventative approaches which reduce the need to consider exclusion.”

Kirkintilloch High School's core expectations are that 'Dream Big, Work Hard, Show Kindness' are part of our daily interactions, along with our values of Respect, Ambition, Compassion, Fairness, Fun within a Supportive environment. We strive to ensure that every pupil and staff member works within a positive learning environment and that every pupil will work with staff and others in a positive manner. Kirkintilloch High School is motivated to enhance its Nurturing Approaches by ensuring the Nurture Principles are core to our daily interactions.

Recent legislation has enshrined in law the duty to get it right for every child. The GIRFEC approach contained within the Children and Young People (Scotland) Act 2014 determines eight areas of wellbeing, which are the basic requirements for all children, and young people, which are, safe, healthy, achieving, nurtured, active, respected, responsible and included. All who work with children and young people within Kirkintilloch High School and across East Dunbartonshire schools must demonstrate a professional and personal commitment to meeting the needs of all children and young people.

We continue to fully embed the nurture principles, through our understanding of attachment, the teenage brain and our awareness of adverse childhood experiences. It is planned that further training opportunities are implemented for staff on Nurturing and Restorative Approaches, along with Emotion Coaching with the continued support from, amongst others, our Educational Psychologist.

Our Positive Relationship Policy is based on the blueprint that can be seen on the next page. Our full policy can be viewed on the Kirkintilloch High School web site.

Kirkintilloch High School

Positive Relationship Blueprint

Visible Adult Consistencies	Core Expectations	Over and Above Recognition
<ol style="list-style-type: none"> 1. Meet and greet pupils at the classroom door 2. First attention to best conduct 3. Clean slate 	<ol style="list-style-type: none"> 1. Dream Big 2. Work Hard 3. Show Kindness 	<ol style="list-style-type: none"> 1. Appropriate use of praise 2. Reward (e.g. Visible recognition of best conduct, Friday 5s, praise postcards, Twitter, Celebration of Success events) 3. Publicly display pupil work 4. Fun days

A nurturing approach has been promoted as a key approach to supporting behaviour, wellbeing, attainment and achievement in Scottish schools in a number of policy documents... A nurturing approach recognises that positive relationships are central to both learning and wellbeing.

Applying Nurture as a Whole School Approach, Education Scotland

Education must develop every child's personality, talents and abilities to the full. It must encourage the child's respect for human rights, as well as respect for their parents, their own and other cultures, and the environment.

UNCRC, Article 29

Stepped Interventions	Microscript: 30 second intervention	Restorative Questions
<p>Numerous 'drive bys' to have taken place before interventions</p> <ol style="list-style-type: none"> 1. A quiet private warning, using microscripts if necessary 2. Calm discussion in the corridor 3. Calmly move young person to another seat 4. Seek assistance from PT Subject 5. PT Subject to invoke on call protocol 	<p>I've noticed that... (identify behaviour) Remember that our core expectation is to be ... (respectful, ambitious, compassionate) You've chosen to ... Remember the time that ... (mention a positive behaviour/a success from the past) I know that you can do better It's time to get back to the learning and teaching</p> <p>During the next drive-by, give (small) praise if behaviour has been corrected</p>	<ol style="list-style-type: none"> 1. What happened? 2. What were you thinking at the time? 3. What have you thought since? 4. How did this make people feel? 5. Who has been affected? 6. How have they been affected? 7. What should we do to put things right? 8. How can we do things differently in the future?

HOME TO SCHOOL LINKS

We hope, by all appropriate means, to encourage links between parents and school. There are consultation meetings for parents of pupils in each year group. Full details of these are given during the session. Additionally, we welcome parents to join us on occasions such as our open night, concerts, plays, etc.

We would emphasise that, if you are in doubt on the matter, you should not hesitate to contact the school. It is advisable to phone first to make an appointment to see the relevant Guidance Teacher, Depute Head Teacher or Head Teacher. However, in urgent circumstances, please do not hesitate to come to the school without an appointment and we shall do our very best to arrange an interview with an appropriate member of staff.

Attendance at School

Scottish local authorities have the responsibility to review and revise their procedures for managing situations where children fail to attend their school/early years centre and no explanation for absence is received from their parents/carers. East Dunbartonshire Council recognises that under such circumstances, children may be vulnerable to harm and that timely steps must be taken to ensure that an absent child is safe and well.

Children missing from education are children and young people of compulsory school age who are not on a school roll and are not being educated otherwise (at home, privately or in an alternative provision). They have usually not attended school for a period of time.

Attendance must be recorded twice a day, morning, and afternoon. Each child's absence from school to be recorded in the school register as authorised i.e. approved by the authority, or unauthorised i.e. unexplained by the parent (truancy) or temporarily excluded from school.

The Scottish Government emphasises the need for schools to support attendance for all and create appropriate support for those who find attending school a challenge. Attendance is defined as the "participation in a programme of educational activities arranged and agreed by the school" (Included, Engaged and Involved: Part 1). Engaging in school and in learning is crucial to ensure that children and young people meet their full potential.

ATTENDANCE PERCENTAGE	NUMBER OF DAYS MISSED OVER AN ACADEMIC YEAR	FURTHER INFORMATION
95%	9 days	Attendance at or above this level gives a learner the best chance of success.
90%	19 days	Attendance at this level leads to less chance of success. Data shows that learners missing this much school could drop a whole grade in secondary.
80-85%	27-36 days	Attendance at this level has serious implications for learning and progress.

There are a key rights, duties and legal obligations in relation to attendance as outlined in 'Included, Engaged and Involved (Part 1)'.

<https://www.gov.scot/publications/included-engaged-involved-part-1-positive-approach-promotion-management-attendance-scottish-schools/>

These are set out below:

All children and young people have a right to education; and education authorities have a duty to provide education.

- All children and young people have a right to education; and education authorities have a duty to provide education.
- All children and young people have the right to get the support they need to benefit fully from their education and fulfil their potential.
- All children and young people need to be included, engaged and involved in their learning. Children and young people should be given opportunities to fully engage and participate in the life of their school, in order to encourage good attendance.
- Schools should actively engage with parents to try to ensure that any barriers to good attendance are removed.
- Schools and partners should work collaboratively to promote and support good attendance.
- The foundation for schools, learning establishments and education authorities is a focus on positive relationships and an inclusive ethos and culture that promotes good attendance. Attendance should not be considered in isolation.

All children and young people have a right to education; and education authorities have a duty to provide education. The foundation for schools, learning establishments and education authorities is a focus on positive relationships and an inclusive ethos and culture that promotes good attendance. Attendance should not be considered in isolation.

Included, Engaged and Involved (Part 1)

<https://www.gov.scot/publications/included-engaged-involved-part-1-positive-approach-promotion-management-attendance-scottish-schools/>

Un-notified Absence

Parents/carers have the primary duty of care for their children. During school/centre hours (and during registered school/centre activities), schools/centres must take all reasonable steps to keep children safe from harm. The effective implementation of the procedures will require parents/carers and schools/centres to exercise their respective duty of care and to work in partnership to help to ensure that children are kept safe from harm.

In order to respond appropriately to an un-notified absence, it is important that parents/carers exercise their duty of care, by notifying the school/centre when their child will be absent and the reasons for this. Each session parents/carers will be required to notify their child's school/centre of all absences.

Family Holidays

Every effort should be made to avoid family holidays during term time as this seriously disrupts a child's education and greatly reduces learning time. It should be noted that it not only has an adverse effect on a child while he/she is absent from school, but also leads to extended disruption to a child's education for a period of time when he/she returns to school after the family holiday. Family holidays will only be regarded as authorised absence where prior agreement from the school has been obtained and where it is judged the holiday is important to the wellbeing and cohesion of the family, following serious or terminal illness, bereavement, or other traumatic events.

Parents may request that their children be permitted to be absent from school to make an extended visit to relatives. This leave will be regarded the same as a family holiday but will be recorded separately from school holidays for attendance purposes. Requests should be made in writing detailing the destination and the duration.

Clearly with no explanation from the parents, the absence is unauthorised.

Information Regarding Exceptional Closures

We make every effort to maintain a full educational service, but on some occasions circumstances arise which lead to disruption. Schools may be affected by, for example, severe weather, temporary interruption of transport, power failures or difficulties of fuel supply. In such cases we shall do all we can to let you know about the details of closure or re-opening. We shall keep you updated using the usual digital methods of communication used by the school i.e. email, Groupcall or social media. There will also be updates on the website www.eastdunbarton.gov.uk

(a) Parental Communication with School in Case of Emergency

It is important that parents keep contact with the school to a minimum in the case of an emergency. When you telephone the school you will be asked for a contact number and your message will be repeated back. Please ensure the pupil's name, class and/or teacher's name is given.

Please ensure that your child knows their home/pick up plan each day. If there are any changes to childcare arrangements, please inform the school before 2.30pm. This should only happen in exceptional circumstances.

Registration and Enrolment

The date for registration of new school entrants is advertised in all local nurseries, the local press and on the council's website www.eastdunbarton.gov.uk. It is normally in January each year. Pupils should be registered in only one school for their catchment area. Parents will be provided with information about the school, when they register their child. Parents who want to send their child to a school other than the catchment school must make a placing request. Parents of pupils who have moved into the catchment area or, who wish their child to transfer to the school, should contact the school office for information.

At Kirkintilloch High School EVERY MINUTE COUNTS

Education Scotland research shows missing **19 days** –or almost 4 weeks- of school means you are more likely to **drop a full grade** in a subject.

Did you know?

One day off every two weeks equals 19 school days missed.

Did you know?

Being two minutes late every period is the same as missing 10 full school days.

Dream Big and Work Hard.

Your future begins with your presence.

Attend today: Succeed tomorrow.

Support for Learning

East Dunbartonshire Council, in supporting inclusion in its schools, has a number of Support for Learning services.

These are:

- Education Support Team
- Social, Emotional and Behavioural Needs Service
- Short term Advice and Response Team

Membership of the EST is EAL, Learning Support, Sensory-Hearing Impaired and Visual Impaired, Twechar Language and Communication Unit

The Services support pupils through:

- Consultancy
- Continuing Professional Development
- Co-operative Teaching
- Curriculum Development
- Partnership Working

Further information is available from the service managers who can be contacted via the school.

Organisations specified by Scottish Ministers which provide advice, further information and support to parents of children and young people with ASN. These organisations are identified under The Additional Support for Learning (Sources of Information) (Scotland) Amendment Order 2011 as:

- (a) Children in Scotland: Working for Children and Their Families, trading as “Enquire – the Scottish advice and information service for additional support for learning”, a charitable body registered in Scotland under registration number SC003527;
- (b) Scottish Independent Advocacy Alliance, a charitable body registered in Scotland under registration number SC033576; and
- (c) Scottish Child Law Centre, a charitable body registered in Scotland under registration number SC012741.”

School Uniform

It is the policy of the Education Committee to encourage pupils to wear an acceptable form of school dress as determined by Head Teachers, Parent Councils and parents. In encouraging the wearing of school dress, account must be taken of any proposals to prevent any direct or indirect discrimination on the grounds of race or gender. Any proposal will be the subject of widespread consultation with parents and pupils.

Parents/Carers are asked to co-operate with the school in encouraging the wearing of the school uniform. The uniform was agreed in consultation with parents, pupils, staff and the Parent Council. It incorporates a range of popular items of dress e.g. sweatshirts, T-shirts.

Wearing school uniform contributes to a positive school ethos and helps avoid discrimination and reduces peer pressure to wear expensive designer clothing.

A school's reputation can also be enhanced in the local community by the wearing of school uniform and school security will be improved as it will be easier to identify intruders.

The appropriate clothing and footwear for PE is a t-shirt , shorts and gym shoes with non marking soles. These are necessary for health & safety reasons and your co-operation is requested to ensure that pupils are equipped to participate in the PE Lesson - please note there is a requirement that all jewellery is removed prior to undertaking physical education activities.

Please ensure that all items of clothing are clearly labelled, particularly ties, sweatshirts and PE Kit which are often lost. A protective apron or an old shirt should be worn for art & craft activities. Please help the school and the education authority by making sure that pupils do not bring valuable or expensive items of clothing to school.

Offensive clothing such as T-Shirts or other items painted with obscene language or illustrations are not permitted. Football colours are also inappropriate as they can lead to incidents of rivalry.

There are forms of dress which are unacceptable in school, such as items of clothing which:

- potentially encourage factions (such as football colours)
- could cause offence (such as anti-religious symbolism or political slogans)
- could cause health and safety difficulties, such as loose fitting clothing, dangling earrings - please note there is a requirement that all jewellery is removed prior to undertaking physical education activities
- are made from flammable material for example shell suits in practical classes
- could cause damage to flooring
- carry advertising, and particularly for alcohol or tobacco; and
- could be used to inflict damage on other pupils or be used by others to do so

Under no circumstances will pupils be deprived of any educational benefit as a result of not wearing uniform and in particular, pupils will not be denied access to examinations as a result of not wearing school dress.

Parents are asked to assist by ensuring that valuable items and unnecessarily expensive items of clothing are not brought to school.

Parents/Carers receiving income support or income based job seekers allowance or housing benefit or council tax rebate (not discount) or employment and support allowance (income related) will normally be entitled to monetary grants for footwear and clothing for their children. Parents who are in receipt of working tax credit and/or child tax credit may be eligible, the Community Hubs and education office can provide more details. Approval of any requests for such grants made by parents in different circumstances is at the discretion of the Chief Education Officer. Information and application forms may be obtained from schools, the Community Hubs and the education office.

If you have any queries regarding school's dress code, please contact the Head Teacher.

Dress Code at Kirkintilloch High School

A hugely positive feature of Kirkintilloch High School is our school uniform. Our young people present at school on a daily basis smartly dressed in full school uniform with their blazers on. The pupils featured here are in exemplary uniform with blazers, school tie (junior or senior), white formal shirt, formal trousers or skirts, black sweaters and plain, black shoes. Please note that black jeans, tight leggings, black and white trainers and jumpers or hoodies with logos are not part of our agreed approach and I would be very grateful if these were avoided wherever possible, unless there is a particular agreement.

We understand that maintaining a uniform is expensive and that items may need replaced as the year goes on. Parents/Carers are reminded that clothing grants application forms are available in the school office and by following the link below:

<https://www.eastdunbarton.gov.uk/residents/schools-andlearning/grants/school-clothing-grant>

In addition, should any difficulty present, parents are encouraged to contact their child's Guidance Teacher, Year Head or the Head Teacher to discuss how we might support you.

Education Maintenance Allowance (EMA)

The Scottish Government has introduced the Education Maintenance Allowance (EMA) Scheme to encourage access to, and participation in further and higher education. If you are 16 years of age or over before 30 September you may be eligible for an EMA from the beginning of the school term. If you are 16 years of age between 1 October and February you may be eligible for an EMA from January. This weekly allowance will be payable by East Dunbartonshire Council to student who attend a school managed by the Council, regardless of where they live. Application forms and further information can be obtained from the Head Teacher or Education Office, Tel: 0300 1234510 Ext 8947 or www.eastdunbarton.gov.uk

School Meals

We know that maintaining a healthy diet is linked to a happy and active lifestyle. By eating a school meal provided by East Dunbartonshire Council's School Meals Service your child is guaranteed a balanced nutritious meal to keep them healthy and alert throughout the school day. The meals are freshly cooked on a daily basis by our skilled staff who care about food and your child's wellbeing. Our staff will help your child to make balanced choices. The meals meet the Scottish Government's nutritional regulations.

Any special diets or allergies should be discussed with the school. Meal prices are reviewed annually. Please contact the school to be advised of the current price.

Free School Meals

Some families may be eligible for free school meals. Children of parents/carers receiving income support or income based job seekers allowance are entitled to a free midday meal. Children of parents who are in receipt of child tax credit or working tax credit and child tax credit or employment and support allowance (income related) or support under part IV of the immigration and asylum act 1999, may also be eligible. Information and application forms for free school meals may be obtained from schools, the Community Hubs and Shared Services or www.eastdunbarton.gov.uk. From January 2015 all pupils in P1, P2 and P3 will be entitled to free school meals. This provision was expanded to include all P4 pupils from August 2021 and P5 pupils from January 2022. Please do not apply for free school meals if your child(ren) is/are in P1, P2, P3 or P4 as a meal will automatically be given.

Transport

(i) General

It is a parents' responsibility to ensure their child arrives at school and returns home from school in a safe and responsible manner. In order to assist parents in getting their child of school age to school safely and on time, the Education Authority has a policy of providing free transport to secondary pupils who live three miles or more from their catchment secondary school by the recognised shortest walking route. This policy is more generous than the law requires. This means that the provision of transport could be reviewed at any time. Parents who consider they are eligible should obtain an application form from the school or education office or www.eastdunbarton.gov.uk. These forms should be completed and returned before the end of February for those pupils beginning school in August to enable the appropriate arrangements to be made. Applications may be submitted at any time throughout the year but may be subject to delay whilst arrangements are made.

The Chief Education Officer has discretion in special circumstances to grant permission for pupils to travel in transport provided by the authority where spare places are available and no additional costs are incurred. This is known as concessionary travel and parents are required to submit concessionary travel applications each year in the period June - July to ensure that consideration can be given to their request for concessionary transport for August. Parents should obtain an application form from the education office or www.eastdunbarton.gov.uk

(ii) Pick Up Points

Where free transport is provided it may be necessary for pupils to walk a certain distance to the vehicle pick-up points. Walking distance in total, including the distance from home to the pick-up point and from the drop-off point to the school in any one direction, will not exceed the authority's limits (see above paragraph). **It is the parents' responsibility to ensure their child arrives at the pick up point on time. It is also the parents' responsibility to ensure the child behaves in a safe and acceptable manner while boarding, travelling and alighting from the vehicle.** Misbehaviour could result in your child losing the right to free transport.

(iii) Placing Request

The education authority does not provide transport for those pupils in receipt of a placing request other than in exceptional circumstances. In the case of early entry requests, if the child is offered a place in his/her catchment area school, transport will be provided in accordance with the council policy stated above.

(iv) School Buses

A school bus is provided for Twechar pupils. It does not operate at lunchtime. Arrangements for free transport are made for senior pupils involved in Consortium arrangements.

Adverse Weather Conditions

Driver's Responsibilities

- In adverse weather conditions drivers **MUST** liaise with Head Teachers to ensure the safety of the children,
- In periods of snow and ice the driver must use his discretion to decide if a road is passable or not. He should endeavour to choose a route which gives the greatest number of children a reasonable chance of getting to school safely.
- At their own discretion drivers may abandon a morning journey and return all pupils already picked up to their homes and inform the relevant Head Teacher concerned. See bullet point below.*
- On homeward journeys pupils shall only be set down at their normal vehicle set down point. If there is a possibility that the vehicle will be unable to take pupils to that point, contingency plans should be made with the Head Teacher.
- In the event that transport cannot continue due to blocked roads or any other obstruction, children will be instructed to stay in the vehicle until rescue can be organised.

STRATHCLYDE PARTNERSHIP FOR TRANSPORT/EAST DUNBARTONSHIRE COUNCIL'S RESPONSIBILITIES

- SPT will contact a Senior Officer within EDC to advise of difficulties with transport.
- Senior Officer will contact Head Teacher/s.
- Head Teachers to contact parents, where possible by text message, (at peak times there may be delays due to volume across local authorities).
- *In the event of a journey being abandoned, Head Teachers will advise the driver of any change to normal home address.
- At the beginning of every session, the school should update the contact details for all parents/guardians for pupils accessing school transport. This will allow school office staff to inform parents/guardians immediately of changes due to adverse weather
- If the inclement weather is continuous, the school will update their website on a daily basis.

PARENTAL RESPONSIBILITIES

- To ensure child/children are at designated pick up point (please note that in adverse weather this may differ from original point, Head teacher will advise),
- If concerns regarding bus arrival, contact bus operator and/or school.
- Parents should ensure that they notify the school of any changes to their contact details.
- If they have not already done so, parents are advised to register for the text messaging alert system within their child's school.
- Where inclement weather is present and it is probable that the current pick up point is unlikely to be accessed, parents should take a common sense approach and their child/children should be taken or directed to the closest accessible pick up point within a reasonable distance.

Medical and Health Care

The following services are provided by the School Medical Officer:

- 1
 - (a) **School Health is now a nurse led service.**
Our school nurse is Karen Cameron. She is based at Kirkintilloch Health & Care Centre and can be contacted by parents on 0141 355 2307.
 - (b) **Immunisation**
Parents' permission is always sought before pupils are immunised and pupils are given information on what is involved and the reason for the immunisation programme. The following immunisations are offered:

DTP (14 year olds)
HPV (girls and boys 12-13)
 - (c) **Routine Medical Examinations**
Routine medical examinations no longer take place but requests from parents, staff or the Attendance Council for medical investigation by the school doctor can be undertaken or referred to an appropriate agency.

Parents will always be informed and invited to attend any statutory medical examination of their sons/daughters.
 - (d) **Health Education**
The school nurse also has an input to the school's Health Education programme giving information on the misuse of drugs and alcohol.
 - (e) **Dental Treatment**
As a result of medical inspection it may be decided that a pupil requires dental treatment. Parents are asked to indicate whether arrangements are to be made privately or with the Health Centre.
 - (f) **Special Provisions**
It is very important that parents inform the school of any special provision required for their child, e.g. diet in certain conditions; diabetic condition (even if controlled by diet); tablets of any description required to be taken by the child; inhalers.
- 2
 - (a) **Emergency Contact**
When a pupil becomes ill or is injured at school the help of a local doctor, or the pupil's doctor will be sought. When necessary, the pupil will be transferred to the nearest hospital under the supervision of a member of staff. Every effort will be made to contact parents. In this connection it is very important that the school has information for making emergency contact.
 - (b) **Appointments**
Medical and dental appointments during school hours should be notified beforehand to the appropriate Guidance Teacher by presenting an appointment card or a note from the parents.
- 3 **Medical Facilities in School**
Please note that there is no school nurse or similarly qualified person on the premises. Parents of pupils who have recently been ill should consider carefully the advisability of sending them to school unless they are fully recovered. We carry only the basics of first aid equipment, and in particular we do not, on medical advice, issue painkillers at all to pupils.

When a pupil arrives at the office feeling unwell, his/her name is entered in the sick book (for reference) and depending on how unwell the pupil is, he or she is either permitted to go to the sick room for ten minutes and then return to class if feeling better. If still unwell permission is sought from a member of the Guidance team or the Senior Management team to allow the pupil to be sent home where upon parent/guardian is contacted. A pupil under the age of 16 and unwell has to be collected by a responsible adult. It is important that parents ensure that the school has accurate and up to date contact information.

Parents should provide the Head Teacher with sufficient information about their child's health care needs and treatment. Where necessary, this information should be updated annually or more frequently if there is a change in circumstances. Where there is concern about whether the school can meet the pupil's needs or where the parents' expectations appear unreasonable, the Head Teacher should seek advice from the school nurse or doctor and, if required, the Chief Education Officer.

Information in Emergencies

We make every effort to maintain a full educational service, but on some occasions circumstances arise which lead to disruption. Schools may be affected by, for example, severe weather, temporary interruption of transport, power failures or difficulties of fuel supply. In such cases we shall do all we can to let you know about the details of closure or re-opening. We shall keep you in touch by using letters, notices in local shops and community centres, announcements in local churches and announcements in the press and on local radio.

Parental Communication with School in Case of Emergency.

It is important that parents keep contact with the school to a minimum in the case of an emergency. When you telephone the school you will be asked for a contact number and your message will be repeated back. Please ensure the pupil's name and year group is given. Where possible you should telephone before 2.30pm if there are any changes to childcare arrangements.

PARENTAL INVOLVEMENT IN THE SCHOOL

The opportunities provided for a parent to become involved in the school – supporting learning at home, improving home-school partnerships and parental representation.

All East Dunbartonshire Council Schools welcome parental involvement as research has shown that when parents are involved children do better in school.

Parent Councils

Parent Councils are the formal representative body for parents/carers with children attending school. Parent Councils are different in each school to enable them to meet the needs of parents/carers locally.

Parents are welcomed to be:

- Involved with their child's education and learning;
- Be active participants in the life of the school; and
- Express their views on school education generally and work in partnership with their children's schools.

All parents/carers are automatically members of the Parent Forum at their child's school. As a member of the Parent Forum all parents can expect to –

- Receive information about the school and its activities;
- Hear about what partnership with parents means in our school;
- Be invited to be involved in ways and times that suit you;
- Identify issues you want the parent council to work on with the school;
- Be asked your opinion by the parent council on issues relating to the school and the education it provides;
- Work in partnership with staff; and
- Enjoy taking part in the life of the school in whatever way possible

The Parent Forum decides how their representatives on the Parent Council are chosen and how the Parent Council operates. Parents/carers are encouraged to volunteer or put themselves forward to be chosen as representatives of the Parent Council if they wish.

The main aims of the Parent Council are:

- To support the school in its work with pupils
- To represent the views of parents
- To promote contact between the school, parents, pupils and the community
- To report to the Parent Forum
- To be involved in the appointment of senior promoted staff
- To raise funds for the school for the benefit of pupils (in some schools PTA fulfils this role)

For more information on parental involvement or to find out about partners in their children's learning, please contact the school or visit the Parentzone website at www.parentzonescotland.gov.uk

Membership

The membership of Kirkintilloch High School Parent Council will be no fewer than 4 and no greater than 12 persons and should, where possible, comprise of:

- A minimum of five, up to a maximum of eight members from the Parent Forum. One of this group is required to be the Chairperson
- Two representatives of the teaching staff
- One member of the pupil body
- One local community representative

Note the Head Teacher has a right and duty to attend all meetings.

The quorum shall not be less than one third of the membership and this must include at least three parent members and if a quorum is not present 15 minutes after the appointed meeting time, the meeting shall be adjourned with no business conducted.

Nomination, selection and terms of office of parent members

Membership of the Parent Council should, in the first instance, and thereafter, be drawn from parents, carers and guardians of pupils at the school. Additionally, local community representatives may be selected by Parent Council members, which will allow for a broad based partnership across representative community bodies.

Parents, carers and guardians may nominate themselves for appointment to the Parent Council and this self nomination should be submitted, in writing to the school. When there are more nominations than places available, a ballot will be held at the Annual General Meeting, at which all parents, carers and guardians are entitled to vote. The ballot should be conducted by the Chairperson of the Parent Council or their representatives.

Membership of the Parent Council shall be for a period of two years. However, when the Parent Council is established, half of the members will stand down after one year.

Parents elected will be subject to the Local Education's Authority Disclosure Policy.

Office Bearers

The Parent Council will have a Chairperson, Vice-Chairperson, Treasurer and Clerk who will be regarded as the Parent Council Office Bearers.

All appointments will be selected by the Parent Council on a biennial basis during the Annual General Meeting of the Kirkintilloch High School Parent Council.

Note: The Parent Council will be chaired by a member of the Parent Forum and in the event that the Chairperson's child ceases to attend Kirkintilloch High that person's term of office will be terminated and a new Chairperson will be appointed at the next scheduled meeting.

The Parent Council will hold an Annual General Meeting (AGM) within 12 months of inauguration and thereafter once every year at 12 monthly intervals as determined by the Parent Council members. The AGM will be held in September of each year.

The Parent Council will meet at least twice in every school term, with members of the Parent Forum being advised of meeting dates in advance.

The Parent Council will provide two weeks' notice to members of the Parent Forum of any Special General Meeting. This notice will contain details of the venue, time of the meeting and notice of the topic/s to be discussed.

Parent Councils will play an active role in supporting parental involvement in the work and life of the school, while also providing opportunities for parents to express their views on their children's education and learning. The Parent Council, as a statutory body, will have the right to information and advice on matters which affect children's education. The school and the education authority will consult with the Parent Council and take their views into account wherever decisions are being taken on the education provided by the school.

Parent Council Membership

Name	Address	Tel No Work	Position Held
Lynn Potter	c/o Kirkintilloch High School		Chair
Kirsty Gallagher	c/o Kirkintilloch High School		Vice Chair
Maureen Daniel	c/o Kirkintilloch High School		Head Teacher
Vacancy	c/o Kirkintilloch High School	0141 955 2372	Clerk

SUMMARY OF TIMES FOR CONTACT WITH PARENTS

Various references have been made in this booklet to the importance of school - parent contact. Parents are invited to make contact with the school on any matter concerning their child's education. In addition to the above, parents and the school will be able to consult with each other by:-

(i) Parents' Meetings

At these meetings, usually in the latter half of the session, parents have opportunities to have discussions, by appointment, with subject teachers. Details of all such meetings will be announced by letters sent home via pupils.

(ii) Parents' Letters

From time to time during the session, letters are issued to all pupils to take home to parents. These may be connected with items of general interest, curricular arrangements, concerts etc.

(iii) Newsletter

A newsletter is published termly containing news about various aspects of the work of the school and on issues facing young people and their parents and teachers.

(iv) The Head Teacher is available to meet with parents at any time which is mutually convenient.

(v) Guidance Staff and/or Depute Head Teachers

Guidance Staff and/or Depute Head Teachers may contact individual parents by telephone or letter, to invite parents to the school to discuss any problem which has arisen.

CHILDCARE INFORMATION SERVICE

The Childcare Information Service is a free service provided by East Dunbartonshire Council. It aims to provide parents with accurate details on childcare provision in a variety of settings e.g. out-of-school care groups, childminders, nurseries, playgroups, holiday play schemes and parent & toddlers groups.

It also offers other advice including: choosing quality childcare, accessing help to pay for childcare and contact details regarding childcare organisations.

The Childcare Information Service, launched in May 2000, is a key element of East Dunbartonshire Council's Childcare Strategy which aims to develop, quality, accessible, affordable and flexible childcare across the East Dunbartonshire area.

To use this service please call the helpline number on **0141 578 8060**, e-mail **chis@eastdunbarton.gov.uk** or log onto the service's website at **www.scottishchildcare.gov.uk**

Child Protection

East Dunbartonshire Council has issued Child Protection Procedures and Guidance which all staff must follow to promote the welfare of children and to protect them from harm.

All adults must share the responsibility for promoting children's health and safety and ensuring, as far as possible, that all children are protected from abuse, neglect and exploitation. Children cannot be expected to take full responsibility for keeping themselves safe. Professional staff must work together and in cooperation with families and carers to enable children to grow up in a warm, stimulating and safe environment.

Education staff are required to assist in the protection of children by:

- Creating and maintaining a positive and caring ethos
- Developing health and personal safety programmes
- Being observant of children's needs, views and concerns
- Reporting and recording concerns about the welfare or safety of children
- Monitoring and supporting children in co-operation with relevant professionals, parents and carers

Education staff cannot keep secret any allegations or concerns about child abuse, even if a child or adult requests this. Information or concerns that a child may be at risk of harm must be passed on in order to protect the child. Staff will treat the matter sensitively, and information will only be passed to those who need to know in order to protect and support the child.

If parents or others have concerns for any child, they can speak to the Head Teacher about this. They can also contact social work services and/or the police.

When a member of staff, a child or another individual provides information and the Head Teacher considers that there is a possibility that a child has been harmed or is at risk of harm, the Head Teacher is required to immediately contact social work services to discuss the circumstances and agree the immediate action to be taken. School staff are then required to co-operate with any subsequent enquiries or support plans.

Every education establishment or service has copies of the East Dunbartonshire Council Child Protection Procedures and Guidance. These are available for reference from the Head Teacher.

Child Protection and Safeguarding

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting, or by failing to act to prevent, significant harm to the child. Children may be abused in a family or in an institutional setting, by those known to them or, more rarely by a stranger. Child protection” means protecting a child from child abuse or neglect. If a child’s wellbeing is considered to be at risk, relevant information must always be shared. It is our public responsibility to protect children. Anyone who suspects child abuse or neglect should contact East Dunbartonshire Council Social Work Advice and Response on 0141 777 3000, or the Police. Each school has a designated Child Protection Coordinator, who will work with other professionals, children and where appropriate, families to safeguard children.

Appointment of Adults to Voluntary Child Care Positions

In order to meet a legal obligation under the Protection of Children (Scotland) Act 2003 and as part of the policy in respect of child protection, the Council has introduced a policy to ensure that any individual who is appointed to a voluntary child care position is not fully listed on the Disqualified from Working with Children List.

This policy, which requires any adult appointed to a voluntary child care position, to undergo a criminal background check to ensure their suitability.

The policy applies in particular to:

- Parent volunteer helpers in schools who are considered to have **regular** contact with children and young people
- Parents and co-opted members of parent councils
- Parent members of local parent-teacher associations
- Elected members serving on committees relating to the development of children’s services
- Any other individual working in a voluntary child care position within a service managed by East Dunbartonshire Council

The policy builds on East Dunbartonshire Council’s ***Child Protection Interagency Guidance*** (2002) which underpins all child protection work undertaken by local authority services. It also complements the Council’s policy on the leasing of council premises to organisations which provide activities and services to children and young people.

Transferring Educational Data About Pupils

THE SCOTXED PROGRAMME

Education Authorities, the Scottish Government and its partners have, for many years, collected information about pupils on paper forms. The information is now transferred electronically through the ScotXed programme.

The following explanation has been provided directly by ScotXed:

Transferring Educational Data About Pupils

The Scottish Government and its partners collect and use information about pupils through the Pupil Census to help to improve education across Scotland. This note explains why we need this information, how we use it and what we do to protect the information supplied to us.

Why do we need your data?

In order to make the best decisions about how to improve our education service, Scottish Government, education authorities and other partners such as the SQA and Skills Development Scotland need accurate, up-to-date data about our pupils. We are keen to help all our pupils do well in all aspects of school life and achieve better examination results. Accurate and up-to-date data allows us to:

- plan and deliver better policies for the benefit of all pupils
- plan and deliver better policies for the benefit of specific groups of pupils
- better understand some of the factors which influence pupil attainment and achievement
- share good practice
- target resources better
- enhance the quality of research to improve the lives of young people in Scotland

Data policy

Information about pupils' education is collected through our statistical surveys in partnership between the Scottish Government and Local Authorities through the ScotXed Programme which aims to help schools and Local Authorities by supporting efficient collection, processing and dissemination of statistical information. The Scottish Government then provides analysis of the data to support research, planning, management and monitoring of education services as well as to produce National Statistics publications.

Education data within Scottish Government is managed effectively by secure systems and is exploited as a valuable corporate resource, subject to confidentiality restraints. As part of its data policy, Scottish Government will not publish or make publicly available any information that allows individual pupils to be identified, nor will data be used by Scottish Government to take any actions in respect of individuals. Data is held securely and no information on individual pupils can or would be made publicly available by Scottish Government.

The individual data about pupils in schools collected by Scottish Government through statistical surveys is used only for the statistical and research purposes for which it is collected.

Your data protection rights

The collection, transfer, processing and sharing of ScotXed data is done in accordance with the Data Protection Act (1998). We also comply with the National Statistics Code of Practice requirements and other legislation related to safeguarding the confidentiality of data. The Data Protection Act gives you the right to know how we will use your data. This note can give only a brief description of how we use data. Fuller details of each individual ScotXed survey, including the purpose of each and the published data, can be found on the ScotXed website (<http://www.gov.scot/Topics/Statistics/ScotXed>). Pupil names and addresses (other than postcode) are never collected in any ScotXed statistical survey.

Scottish Government works with a range of partners including Education Scotland, Skills Development Scotland and the SQA. On occasion, in order to help meet our aim of improving the life of young people in Scotland, we may make individual data available to partners such as the National Registers of Scotland to carry out research relating to the national population census and also academic institutions and organisations to carry out additional research and statistical analysis to meet their own official responsibilities. Any sharing of data will be done under the strict control of Scottish Government, and will be consistent with our data policy. This will ensure that no individual level data will be made public as a result of the data sharing and that these data will not be used to take any actions in respect of an individual. Decisions on the sharing of data will be taken in consultation with relevant colleagues and individuals within and outwith Scottish Government. At all times pupils' rights under the Data Protection Act and other relevant legislation will be ensured.

Concerns

If you have any concerns about the ScotXed data collections you can email the Head of Schools Analysis, Mick Wilson, at mick.wilson@scotland.gsi.gov.uk or write to Education Analytical Services, Area 2D, Victoria Quay, Leith, EH6 6QQ.

Data Protection Act 1998

East Dunbartonshire Council will process your child's personal data in compliance with the Data Protection Act 1998 and all other relevant legislation. The Council may share your child's personal data with other Council services and public agencies to support the delivery of services to promote the health, safety and well-being of children and young people.

For full details of how we will use your data please visit - www.eastdunbarton.gov.uk/council/privacy-notice

COMMENTS, COMPLIMENTS AND COMPLAINTS PROCEDURE

We are keen that you should be completely satisfied about your child's education and we encourage feedback on our services from parents and pupils. We are, therefore, interested in feedback of all kinds, whether it be comments, compliments, or complaints.

If you want to register a comment of any type about the school you can do this by writing, e-mailing, telephoning or making an appointment to see someone. All feedback is welcome and keeps us in touch.

If, in particular, you have a complaint about the school, please let us know. It is better that these things are shared openly and resolved fairly, rather than being allowed to damage the relationship between the family and the school. There will be no negative consequences arising from making a complaint and we will deal with the issue as confidentially as possible.

In relation to making a complaint:

- Stage 1 – Frontline resolution, we will always try to resolve the complaint quickly and to the customer's satisfaction wherever we can. This resolution will be provided within five working days, unless there are exceptional circumstances.
- Stage 2 – Investigation, if you are dissatisfied with the decision at stage 1, the complaint will be investigated, acknowledge in three working days and decision provided as soon as possible but within twenty working days.
- If you are still unhappy after the further investigation and reply you can take the matter up with the Scottish Public Services Ombudsman (SPSO), our reply will include the contact details.
- You should also note that you have the right to raise unresolved concerns with your local councillors, MSP or MP.

Date/Version _____

- Subjects labelled (U/G) are at the difficulty level of a Higher or N5 but are ungraded and will be assessed on a 'unit by unit' basis without a final exam.
- Minimum numbers are required for a course to run. Staffing constraints may mean additional courses may be added/removed.
- In May, column choices will be expanded to show additional National 4/5 options running in S4. S5/6 students can infill into these courses, providing additional breath to their curriculum.
- You should ensure you have an in-school backup for any Senior Phase College /FA course.
- Crashing subjects in S5 is not advised unless the course was not available in S4. Changing too many subjects between S4 and S5, will potentially cause difficulty in coursing options.
- *Tigers Foundation Apprenticeships (FA's) are challenging 1-Year courses requiring students to complete the NPA Business Skills/NPA Social Services Children & Young People at Higher level. A work placement one day per week is required by students to complete a qualification regarded as an A/B at Higher regarded by universities, employers and colleges.
- Literature 1 & Communication is an equivalent qualification to a C at H English and is suitable for those attaining English N5 at Grade C.
- *Hair & Beauty Skills will be delivered by our partner New College Lanarkshire. Interviews will take place in June.
- *Animal Care is an enhancement course, delivered online by SRUC. This should be selected in addition to five curricular choices.

Terminology Used

Target Grade: The target that is agreed through discussion with class teachers. This is not a prediction of the final exam grade. This is an achievable target if the pupil consistently works towards their full potential.

Working Grade: The grade a student is currently working at. This can go up and down depending on course content and pupil engagement throughout the course. This could be viewed as a guide to what a pupil would achieve if they maintain their current work ethic and attainment.

Attainment Progress: Performance indicator generated on the on the student's current working grade compared with their target grade.

Effort: The grade reflects a pupil's engagement with the subject and the effort a pupil is making towards their full potential. This measures levels of concentration, motivation, attention and interest.

Level of Effort	Effort	Descriptor
1	Excellent	The pupil is highly motivated and consistently works to their full capabilities.
2	Good	The pupil is motivated and mostly works to their best capabilities.
3	Inconsistent	The pupil can display some motivation but does not use their capabilities to the full extent.
4	Needs improvement	The pupil demonstrates very little or no motivation which leads to limited results.

Behaviour: The extent to which the pupil behaves in class.

Homework: The extent to which homework is completed on a regular basis and to an acceptable level.

Introduction

At Kirkintilloch High School we are committed to supporting each pupil reach their full potential by creating high quality learning experiences that engage and motivate pupils. Securing positive outcomes is a priority for the school and the attached early interim report is an ideal platform for discussing and reflecting with «FS» on «F191» work ethic and progress so far. While this is early in our academic cycle, where needed, making any necessary changes to routines and engagement will have a huge impact later in the year.

Teachers have been using early assessment evidence, prior attainment and observations of classwork and homework to support their professional judgments at this early point in the year. As the year progresses, this picture will become clearer and this will be communicated to you through a further interim report, a full report and a parents' evening; or through direct contact as appropriate.

As we move forward it is important to note that we have unwavering aspiration and ambition for «FS» and we are already tracking «F191» progress and offering support in a variety of ways. Some pupils will be offered Mentors; Raising Attainment sessions will start after the October break; departments frequently run 'drop in sessions'; many resources are available via 'Glow' and other online resources such as Scholar are available in many subjects.

Pupils make the best progress when the school, parents/guardians and pupils work together. Please encourage «FS» to reflect on the data included in this report and make up study plans accordingly. As a rule of thumb, each Higher would normally require four hours a week of additional study and National 5 courses require two hours each. Raising Attainment Sessions will start after the October break. Please return the last page of this document highlighting your priorities for these sessions.

Having a quiet focused environment, with someone to support time management, discuss ideas, challenges and what has been studied, will have a huge impact on attainment.

If you have any queries regarding this letter, please do not hesitate to contact «FS»'s Year Head.

S4 Mrs G Fraser – Deputy Head Teacher

S5/6 Mrs P Davie – Deputy Head Teacher

RAISING ATTAINMENT TEAM

R Leadbeater – Deputy Head Teacher

M Kay – Principal Teacher Raising Attainment (Senior Phase)

A Tossell – Principal Teacher Raising Attainment (Broad General Education)

Terminology Used

Target Grade: The target that is agreed through discussion with class teachers. This is not a prediction of the final exam grade. This is an achievable target if «FS» consistently works towards «F191» full potential.

Working Grade: The grade «FS» is currently working at. This can go up and down depending on course content and pupil engagement throughout the course.

Progress:

- **On Track:** «FS» is doing all that is expected and is attaining in line with the journey towards «F191» target.
- **Slightly Off Track:** This rating would indicate that «FS» needs to make adjustments to ensure attainment is in line with journey towards target.
- **Cause for Concern:** This rating indicates we are concerned that «FS» is some way off the path towards «F191» target grade. This might be indicated in effort, behaviour or homework but could also be an indication of the challenges of the course, at a particular level, despite very positive engagement in class work.

Effort: This reflects «FS»'s engagement with the subject and the effort «FS» is making towards «F191» full potential. This measures levels of concentration, motivation, attention and interest, as can be seen in the table below.

Level of Effort	Effort	Descriptor
1	Excellent	«FS» is highly motivated and consistently works to «F191» full capabilities.
2	Good	«FS» is motivated and mostly works to «F191» best capabilities.
3	Inconsistent	«FS» can display some motivation but does not use «F191» capabilities to the full extent.
4	Needs improvement	«FS» demonstrates very little or no motivation which leads to limited results.

Behaviour: The extent to which «FS» behaves in class.

Homework: The extent to which homework is completed on a regular basis and to an acceptable level.
