A note from KHS

Dear Parents/Carers,

As Term 1 progresses, we have achieved much already. Our young people are working hard and presenting beautifully for school. We are so proud of them! I wanted to share some news updates with you at this time.

Their efforts are being formally recognised in our Junior Awards Ceremony on Tuesday, 8th September and our Senior Awards Ceremony on Tuesday, 15th September.

Today, we are hosting our Fresher's Fayre, publicising the wealth of clubs and opportunities available to our young people and encouraging them to sign up for the numerous activities on offer.

You will soon be receiving details of our Family Learning Programme which has expanded even further following the success of last year. I would encourage you to look at this and consider participating, no matter the stage of your young person. All are warmly welcome!

This term, we will be holding a Remembrance Ceremony to unveil two memorial benches in loving memory of loved ones lost and cherished. Details will follow for families involved.

Finally, our staff are working tirelessly to provide opportunities for young people including a range of trips and excursions. Individual details will follow, and the offering this year looks to be excellent!

Please keep in touch if we may support in any way!

Yours faithfully,

Maureen Daniel,
Head Teacher

Spotlight: Mentors in Violence Prevention (MVP)

67 of our senior pupils participated in Mentors in Violence Prevention training on Thursday and Friday. Pupils were incredibly motivated and engaged throughout the training, and they are excited to implement the core components to contribute positively to our school environment. Pupils will go on to present this peer-led programme to our S1 and S2 cohort in the coming weeks. Well done!
